# Bakery in City Adds One Cent To Bread Price

## Second May Follow Next Week To Meet Higher Cost of Flour

At least one bakery firm in Victoria will raise the price of bread one cent per loaf today.

Others are expected to follow suit in the next few days.

Officials of Weston Bakeries Limited here announced yesterday that the cost of bread would go up one cent as of today.

A McGavin Bakeries Limited spokesman said last night that his firm would probably follow suit "some time next week."

Manager of another local firm, however, said that no decision on the price increase had been made yet.

Bakers were unanimous in the opinion that the recent jump of $2.10 a barrel in the price of flour, following termination of the Government's 46½-cent-a-bushel subsidy on wheat, was cause for rising bread prices.

OTTAWA, March 25 (CP).—The national council of the baking industry indicated tonight that the price of bread in Canada is about to be boosted, generally.

How much will be determined "individually" by Canadian bakers.

The council said in a statement the price increases will become necessary because of "increased flour costs," directly resulting from the cancellation of the flour subsidy by the Government last Tuesday.

# Arena Officials to Probe Responsibility for Ceiling

Who is responsible for the loose Memorial Arena fibrerock ceiling sheets? Who is going to have to pay for the repair job?

After making a personal inspection of the rink yesterday morning, C. T. Hamilton, consulting engineer, said it was up to the contractor, Bennett & White Construction Company.

"Lack of adhesion of the sheets to the concrete is due to poor spading or tamping of the concrete after it was poured," declared Mr. Hamilton.

But Arthur J. Patton, city solicitor, who accompanied Mr. Hamilton to the arena, said he would need corroborating evidence before the city could hold the contractors responsible.

WILL ORDER TEST

"If it proves to be true, what Mr. Hamilton says with regard to insufficient tamping, the contractors would be responsible," he declared. "However, I am not saying that they are."

He said he had reported Mr. Hamilton's statements to the arena committee.

Mr. Hamilton said he was going to order a thorough test of the entire ceiling.

There was nothing wrong with plans or specifications for the ceiling, according to Mr. Hamilton. The concrete had to be mixed sufficiently thick so that it wouldn't flow down the sides of the ceiling arch. If there had been sufficient tamping to force the concrete down around metal supporting rods and gravel in the cement mixture, there would have been no hollow spots behind the sheets, he advised. If the cement had been sufficiently tamped and forced uniformly against the sheets there could have been no loosening, he said.

CAN'T PIN BLAME

Mr. Hamilton said he could not point the finger of blame directly at the contractor, the contractor's superintendent on the job, the foreman or the workmen.

"It's almost impossible to tell which one is responsible," he said. "I wanted the contractor to put on at least two shifts, but he thought it could be done with one."

He said some workmen consequently had been called on to work 14 hours a day on the ceiling job.

"You don't get the same efficency out of men who have to work long hours," he added. "I couldn't interfere with the contractor as to how he should do his work."

If the city "interfered" it would have made itself liable to legal action, he said.

DONE "IN RUSH"

Though work on the ceiling was done "in a rush," Mr. Hamilton claimed he had endeavored to get the contractors men to be "most efficient."

Both Mr. Patton and Mr. Hamilton denied a report that 17 ceiling sheets had dropped. But they admitted 17 sheets were known to be loose. They pointed up to two sheets which had been pulled away on purpose because they had been in imminent danger of falling.

Mr. Hamilton could not say how many "rough spots" lay behind other ceiling sheets because the cement above had not been properly tamped.

SURVIVED BLAST

Number of sheets it will be necessary to repair will not be known until the thorough test has been made.

Mr. Patton said workmen had blasted with dynamite inside the building during preparations for the floor and that none of the fibrerock ceiling sheets had been affected.

He said the city would be held liable for prosecution if any patron was injured because of a falling ceiling sheet.

## Light Snow Falls On Sooke Hills

A LIGHT fall of fresh snow was visible on several of the highest Sooke Hills early yesterday morning. No snow fell in the village of Sooke. Snow fell along the Canadian Highway between Hillier and Cathedral Grove before daybreak the same day. Cathedral Grove is south of Cameron Lake on the route to Alberni.

## Viceroy Arrives in Victoria

—Colonist Photos.

A FEW minutes after his arrival in Victoria, Viscount Alexander exchanges greetings with Premier Byron Johnson, one of large party of civilian and military dignitaries on hand to meet the Governor-General's plane. With the Governor-General in top picture is his honorary aide-de-camp, Captain R. S. Rayner. Immediately after the official welcome the Governor-General, lower picture, inspects smart honor guard composed of men from 129th Battery, R.C.A., and from the Royal Canadian School of Artillery.

# Brisk, Alert Viceroy Here for Busy Tour

The Governor-General of Canada, Viscount Alexander, arrived in Victoria yesterday exactly on schedule, for the start of a busy two-day visit.

The big silver Dakota bearing the Viceroy and his party settled into the runway at Patricia Bay airport at precisely 3:50 p.m. A moment later the Governor-General stepped down with military briskness to acknowledge greetings of top-ranking civilian and military leaders.

His Excellency looked fresh and alert as he shook hands smilingly with Lieutenant-Governor Charles A. Banks, Premier Byron Johnson and others in the welcoming party.

Among those on hand to meet the Governor-General's plane were Mayor Percy George; Paul W. Meyer, head of the American Consulate in Victoria; Rear Admiral H. G. De Wolf, Brig. M. P. Bogert, Group Capt. L. Z. Leigh, Capt. H. S. Rayner, honorary aide-de-camp to Alexander during the Victoria visit, and other military figures.

Smartly turned out guard of honor was composed of men from the 129th Battery, R.C.A., and the Royal School of Artillery. The band of H.M.C.S. Naden was also in attendance to greet the Governor-General.

Members of the Viceroy's plane crew said that the trip from San Francisco had been a bit bumpy at times, but in the main uneventful. Take-off from San Francisco was made at 11 a.m.

READ, STUDIED MAP

The Governor-General had put in the time reading, the crew said.

"Some of the time he followed our route on the map."

The Governor-General faces a brisk schedule today.

At 10:30 a.m. he will inspect cadets at Canadian Services College, Royal Roads, and at 11:25 he will attend divisions at H.M.C.S. Naden and take the salute at the march past of the ship's company.

TO HONOR SCOUT

Next on the program is lunch with Admiral De Wolf and staff of H.M.C.S. Naden at 12.30.

At 2:30 His Excellency will preside at investiture of Boy Scout Herbie Sam, awarded the Cornwell Badge, highest Scout honor.

Dinner at 7:45 with commanding officer and other officers of the Canadian Scottish Regiment (Princess Mary's) will complete the day's tour.

Previous to the dinner the Governor-General will invest Col. H. M. Urquhart with the insignia of Commander of the Royal Victoria Order.

# Lost Missionary Saved After Ordeal in Arctic

CHURCHILL, Man., March 25 (CP).—Rev. Joseph Buliard, 35-year-old missionary priest unreported since last September, was flown into this Hudson Bay port today by Gunnar Ingebrigson, pilot who participated last January in the rescue of 12 men from a Hudson Bay ice floe.

Father R. Ferron, who went along on the rescue flight, said Father Buliard's hands and feet were frozen, but expressed the opinion that eventually he would have the use of all four limbs.

Search for Father Buliard, a member of the Oblate Order, began Wednesday when Ingebrigtson received special permission from the Federal Health Department to enter the 40,000-square mile polio-quarantined area northwest of Hudson Bay.

Father Buliard began a round of visits to Northern settlements in September. An aircraft took him to Garry Lake, 530 miles northwest of here, and supplies were to be taken to him on its next flight.

INTO SHORE

But an intense wind threw the plane from its moorings into the shore at Baker Lake. The hard freeze made the use of ski-equipped planes possible, and the long Arctic night was so close that the days were too short for an effective search with the supplies.

During the long Winter months, Father Buliard lived and traveled with the Eskimos, sharing their food and wearing Eskimo clothing.

The group traveled during the Arctic night from the mouth of the Black River along the Arctic Coast to the Perry River and back to Garry Lake.

The area over which they wandered covered 300 miles from north to south and 500 miles from east to west.

The group's wanderings, Father Ferron said, must have covered "thousands" of miles.

FOOD SCARCE

Food was scarce and caribou so few that no fat could be spared for light during the period of darkness or to melt snow or ice for tea. Father Buliard, who returned to his mission last Autumn after a holiday in his native France, had nothing to eat except frozen meat during the Arctic darkness.

Last month the group reached Garry Lake. Father Buliard, with the help of an old woman in the party, managed to gather some moss with which to make a small fire and boil water once a day for tea.

Father Buliard now is resting at the Roman Catholic Mission here. It is expected the medical officer at the Army camp will be taking over his care.

# Police to Vote On New Offer

VANCOUVER, March 25 (CP). — Vancouver's policemen will vote Sunday on a new wage offer from the police commission—said to be $35 monthly increase.

The police union has been negotiating for a $50-a-month wage hike across the board.

# Charge Son With Murder Of Duncan Businessman

## *Five Shots Riddle M. W. Cook*

By GORDON FORBES
Colonist Staff Reporter

DUNCAN, March 25. — M. Winter Cook, 50, vice-president of the Duncan Chamber of Commerce, was killed by five shots from a .25 calibre automatic in his Station Street confectionery store at 5:30 p.m. today.

His 23-year-old son, Douglas, has been charged with murder. He will appear before Magistrate G. T. Tisdale in Duncan police court tomorrow (Saturday) morning.

Corporal Frank L. Jeeves of the B.C. Police is in charge of the investigation.

The well-known Duncan merchant died seconds after he had been shot three times in the chest and twice in the back, in the rear of the store known as "Westwell's," which he purchased four years ago.

HEARD SHOTS

Three store employees and several customers heard the shots and saw Cook stumble about 30 feet into the store. He fell near a magazine stand, holding his chest.

Police are conducting an intensive search for a witness who ran past the wounded man and out of the rear of the store. It is felt the person may have important information.

Mel Fletcher, Duncan photographer, who was near the store, called police to the scene.

MAKE ARREST

Less than half an hour after the murder, Constables Jack Meredith-Jones and C. L. Dick arrested Cook's son at the home of his uncle, Stanley Bonsall, 738 Watson Street.

He offered no resistance.

Constable Dan Thompson is aiding in the investigation.

It was learned that Douglas Cook, the son, purchased a package of nerve pills from a nearby drug store this morning. He had been working in his father's store up until about four days ago. It is not known why he discontinued working at the store.

Police immediately seized several other guns which were kept in the Cook residence.

They said they knew of no trouble within the Cook family and were at a loss to know the motive for the shooting.

Late tonight, police removed the body from the store to Hirst's Funeral Parlor. A thorough search of the store was made by the Duncan police detachment.

SCENE OF FATALITY AT DUNCAN

The store immediately was closed off with high curtains and only relatives allowed nearby.

Cook is survived by his widow at Duncan, and a daughter, Dorothy, who will fly home from the Mainland tomorrow. Two years ago she was the district's lumber queen.

Cook formerly was an accountant with the Industrial Timber Mills at Youbou. He was a member of the Rotary Club and high in the Masonic Order. He was an active worker in all local functions.

No inquest has yet been set.

## *Insurance Bridges Distance*

British Columbia's hospital insurance has widespread powers—even in Mexico.

It was learned yesterday that a Victorian visiting Mexico had the misfortune to break a leg.

He was hustled off to a hospital in Acapulco thinking his insurance would be of little use in such a faraway country. Somewhat dubious, however, he made his application.

In a matter of hours everything was taken care of just at if he had been in a local hospital.

# Claims Britons at War Would Not Hate Russia

NEW YORK, March 25 (AP). — An English philosopher said tonight that, in another World War, the British people will not be "wholeheartedly against Russia as we were against Germany."

The speaker, William O. Stapledon, opened the Cultural and Scientific Waldorf-Astoria Hotel.

As he spoke, hundreds of men and women prayed and chanted in a mammoth picket line on Park Avenue outside the hotel. Among them were a monocled man and his mink-clad woman companion. They were not identified.

Stapledon told the conference that "the true Socialist" in Britain "suspects the United States of embarking on a new imperialism."

"And we are not anxious to sell our souls to the United States," he said.

Stapledon was the only British delegate admitted to the United States for the conference.

"RED SOUNDING BOARD"

Dean Acheson, United States Secretary of State, has called the peace meeting "a sounding board for Communist propaganda."

Conference sponsors denied his charge.

"The average British worker," Stapledon said, "after decades of admiration of the new Russia, is not going to be suddenly turned against Russia."

Neither anti-Russian propaganda nor "the stupid and unfriendly behavior of the Russian Government," Stapledon went on, can destroy "that vast affection and admiration."

Eight hundred critics of the conference knelt in Park Avenue at noon to pray for freedom for people "in enslaved countries of Europe."

# Two Hurt When Car Jumps Curb

Two Victoria youths were injured at 9 p.m. yesterday when the car in which they were riding jumped a curb and struck a telephone pole at the corner of Dallas Road and Erie Street.

Treated and discharged from Royal Jubilee Hospital were John Davies, 20, of 139 Simcoe Street, hand cuts; and Raymond Bowles, 18, of 236 Superior Street, 18 stitches required for face cuts.

Police said the car, driven by Davies, was going north on Dallas Road and turning east on Erie Street, when it went out of control after colliding with a curb, crossed the street, jumped the curb and struck the telephone pole.

The youths were injured when thrown against the windshield, police said.

# Ask Transfer Of Sam Carr

OTTAWA, March 25 (CP). — The Government has been asked for permission to allow removal of Sam Carr from Ottawa to Toronto, it was learned today.

# Beer Hauled Up-Island "Outlawed" by Strikers

Beer—normally hauled by the striking Island Freight Service Drivers' Union and now being taken up-Island by the E. & N. Railway—has been declared "hot" according to Cecil W. Wilkinson, union president.

The union action is generally believed here to mean that no beer will be available at Vancouver Island centres other than Victoria and Nanaimo when supplies on hand are exhausted.

Mr. Wilkinson, president of the Vancouver Island Drivers' Division 234 of the Canadian Brotherhood of Railway Employees and Other Transport Workers, to which the 55 Island freight drivers belong, announced:

CARS SEALED

"E. & N. freight cars are standing, sealed, in the yards at Port Alberni, Cumberland and Courtenay, and no beer will be taken off the trains in any Up-Island centre today.

"Delivery of beer in most centres has already been stopped and the taps in the beer parlors are reduced to a mere trickle, which will cease completely over the week-end."

When asked what action the union would take if beer buyers attempted to unload the cars themselves, he said the centres were all strong union towns and the parlor proprietor would lose the bulk of his trade.

Mr. Wilkinson said the union would take no action regarding the Vancouver brewery that delivers draft beer at Nanaimo.

Robert R. Smeal, union bargaining agent, returned to Victoria yesterday after talking with striking drivers at picket-bound depots at Duncan, Port Alberni and Courtenay.

Union drivers are asking for a wage increase from $1 to $1.12 an hour.

Besides the wage increases, the union is seeking two weeks' annual vacation with pay, and a contributory medical hospitalization scheme.

John M. Scoular, managing director of the Island Freight Service, has offered the striking drivers' committee an increase of five cents an hour.

# *Wismer Asked to Speed Hunt for Lost Chinese*

VANCOUVER, March 25 (CP). — The Chinese Benevolent Association today demanded intensified investigation into the mysterious disappearance of a Chinese at nearby Steveston, eight days ago.

The association protested "unsatisfactory" police handling of the case in a telegram to Attorney-General Gordon Wismer and offered a $200 reward for recovery of the body of Wong Wing Jim, Chinese laundryman.

The telegram mentioned that two other Chinese had died under strange circumstances at Steveston in the last few years "without proper police investigation."

Two men are charged with assault of a second Chinese, Wong Shew, a friend of the missing man. Shew told police he was assaulted while he was searching for Wong Wing Jim after hearing "a scuffle and a splash."

## Home to Ottawa for Easter

Hon. Shane Alexander, son of Canada's Governor-General, who arrived at Halifax aboard the Canadian Pacific liner Empress of France, is pictured getting a lesson at the wheel from Capt. B. B. Grant. Dressed in slacks, young Alexander is bound for Ottawa to spend the Easter holidays with his parents. He attends school at Harrow, England. The popular lad said he was pleased to be back in Canada.

# Commons Finally Passes Agriculture Control Bill

OTTAWA, March 25 (CP). — The Commons tonight gave third and final reading to the Government's Agricultural Control Bill, polishing off the five control measures which have kept it working on a three-sittings-a-day basis for the last week.

Four other such bills, all of them continuing wartime controls due to expire by the month-end, already have been passed by the Commons and the Senate and given Royal assent.

The C.C.F. party, though it supported the measure, forced a vote on second reading of the agricultural measure, which continues the life of Government boards empowered to requisition farm produce and fill United Kingdom food contracts. In the ensuing division, the count was 130 to 26 for second reading.

In the final debate preceding adoption, John Diefenbaker (P.C., Lake Centre) said the time has come, with the British market for Canadian farm products diminishing, for Canada to take the "fullest" advantage of the United States market for hogs, pork and dairy products.

Agriculture Minister Gardiner challenged Progressive Conservative members to show when in any peacetime year Canada ever exported more in the way of food to Britain than it did in 1948. That market, he was convinced, eventually would be regained.

The C.C.F. and Social Credit parties chipped into the lengthening debate, too, with the C.C.F. group urging an extension of the controls and the Social Crediters holding that the farmers are entitled to the higher prices that controls bring them.

John Bracken, former Progressive Conservative leader, opened today's attack on the agricultural legislation, accompanying a warning that Canada is losing the British market with figures showing the extent of United Kingdom purchases in other countries.

"The Government has been losing the United Kingdom market for the last four years," he told the Chamber. "It is losing it more rapidly today than ever before . . . markets for certain commodities have already completely disappeared."

# MacKinnon Not Contesting Next Election

HON. J. A. MacKINNON

OTTAWA, March 25 (CP). — Hon. James A. MacKinnon, 67, quietly-spoken and popular Minister of Mines and Resources, announced today he will not contest the next general election.

A member of Federal administrations since 1940, he said his physicians have advised him to "take things easier," and added his regret that he will be unable to run as Liberal candidate in his Alberta riding of Edmonton West in the national contest.

NOT BE MEMBER

This means that, following the calling of the general election, expected to take place this June or October, he will not be a member of the next Liberal Government, should the Liberals be returned.

Mr. MacKinnon did not comment on his political future, but there is an expectation that he will be appointed to the Senate, possibly following the dissolution of Parliament. There are two Alberta vacancies in the Upper Chamber.

There was a stir of conjecture as to whether Mr. MacKinnon's announcement might presage a minor Cabinet shuffle. F. G. Bradley is expected to enter the Cabinet next week as Newfoundland's representative and it was thought possible there may be some change in Mr. MacKinnon's Cabinet status at that time.

# Council to Ask Suspension Be Permanent

OTTAWA, March 25 (CP).—Permanent expulsion from the Canadian Congress of Labor faces the suspended International Union of Mine, Mill and Smelter Workers, it was learned today.

In addition to yesterday's indefinite suspension, imposed by the C.C.L. executive council, congress sources said, the council also intends to recommend expulsion to the organization's national convention in October.

That would lead to virtually certain exclusion of the left-wing union from the congress, since the convention generally goes along with recommendations of its policy-forming council representing major C.C.L. unions.

# Airmen Safe In North

GOOSE BAY, Labrador, March 25 (CP).—All seven men aboard a downed American air force plane in the Arctic are safe and uninjured, a radio message from Resolute Bay on Cornwallis Island said tonight. The message was received by search and rescue officials here.

The message said the crew had made a successful belly landing, that all were safe and they had plenty of equipment of equipment and supplies.

The plane, a U.S. C-82, crash-landed last night on the ice of Barrow Strait about 350 miles north of the magnetic pole.

The aircraft was on a 1,000-mile supply-dropping flight from Frobisher Bay on Baffin Island to Resolute Bay on Cornwallis Island, north of Barrow Strait.

An R.C.A.F. Lancaster from the search and rescue squadron at Greenwood, N.S., arrived here today. It will take off at dawn tomorrow on a 12-hour flight to attempt to locate the downed aircraft.

The exact position would be relayed to Resolute Bay. A ski-equipped plane might then pick the men up or a party might start out overland to the crash scene.

SWIFT CURRENT, Sask. (CP).—There are more applications for the adoption of children than there are children available in Swift Current and district to fill the demand, R. S. Johnston, of the Social Welfare Department, reported recently.

# Headquarters Open for Gifts To Red Cross

More than 86 per cent of the Red Cross Society's current campaign for operating funds has been contributed with the official total at $56,500 reported yesterday.

Greater Victoria's objective in the national campaign has been set at $65,000.

Campaign officials say the drive has been somewhat slower than last year and that some persons have been missed inevitably in the door-to-door canvasses.

Many persons who are missed, officials say, are disappointed. Their contributions will be received and acknowledged at Red Cross campaign headquarters, 1046 Fort Street.

The Red Cross mobile blood clinic will be stationed at Royal Roads on Tuesday, Patricia Bay airport Wednesday afternoon, and Sidney in the evening.

# Truman Takes Resignation Of W. B. Smith

WASHINGTON, March 25 (AP).—President Truman today accepted the resignation of Walter Bedell Smith as ambassador to Moscow.

The White House announced the President's action shortly after Smith called on the President to renew his long-pending request to return to army duty.

Presidential Press Secretary Charles G. Ross said Mr. Truman accepted Smith's request "with great reluctance" and that he did so to permit him to return to a field command.

# Group Seeks Boost In Passenger Fares

MONTREAL, March 25 (CP).—The Railway Association of Canada today announced that it had filed with the Transport Board an application for a 15 per cent increase in first-class passenger fares.

The association also announced that Canada Steamship Lines and its subsidiary, Northern Navigation Company, operating steamship passenger services on the St. Lawrence River and Great Lakes, had joined in the application.

The announcement by J. A. Brass, general secretary of the association which represents all Canadian railroads, said the railways will also file with the board "as soon as practicable" new tariffs increasing by 15 per cent coach-class and other fares which now are lower than first-class passenger fares.

CONSIDERED TAX

The announcement followed a two-day session of the association, which considered the effect on the railways of removal in Tuesday night's budget of the 15 per cent Federal transportation tax.

Mr. Brass said: "This action follows a policy outlined before the board last January 11 when C. F. H. Carson, association counsel, stated that if the Federal tax on passenger fares were removed and the carriers allowed to increase the rates by the amount of the tax, they could obtain a measure of financial relief without it being felt by the public. Other transportation interests, including bus lines, air lines and inland steamships, were parties to the application submitted to the Government for removal of the tax."

NEEDS TYPICAL

The association's application stated that the financial needs of the Canadian Pacific Railway Company were considered typical of those of the other members of the association, and that if the proposed increase in passenger fares should become effective May 1 it would add approximately $1,872,000 to the revenues of that company during the balance of 1949. For a complete year, the estimated additional revenue would amount to $2,674,000.

It was considered "fair and reasonable" that passenger fares should bear an increased share of the higher cost of operation referred to in Transport Board hearings on increased freight rates.

VANCOUVER, March 25 (CP).—H. S. Hipwell, president of the Vancouver Tourist Association, today criticized the Railway Association of Canada's application for a 15 per cent increase in passenger fares.

He termed the association's announcement "a general attack all down the line." He said the railway companies' action "has a bad psychological effect."

# Factions Try To Weld Split On Red Issue

OTTAWA, March 25 (CP).—A move towards peace within the Trades and Labor Congress of Canada—split over the issue of Communism—developed tonight after an all-day meeting of warring factions.

In a joint statement issued by T.L.C. President Percy Bengough and Frank Hall, rail union chief, both sides agreed to set up a joint committee to try to settle the differences which has kept the congress in turmoil for the past year.

FOLLOWED MEETING

Appointment of a committee followed a meeting between the T.L.C. executive and Canadian heads of international unions, many of whose international officers are backing Hall in his drive to clean Communist out of the congress.

While the T.L.C. did not immediately make known the names of its representatives on the committee, it was announced that the anti-Communist unions would be represented by Hall, vice-president of the Brotherhood of Railway and Steamship Clerks; Archie Johnstone, vice-president of the Hotel and Restaurant Employees and Bartenders International Union, of Toronto, and Bernard Shane of Montreal, vice-president of the International Ladies Garment Workers Union.

IN FEW DAYS

The announcement said it was expected the committee would get down to work within a few days.

Previously there had been little to indicate that any progress had been made toward healing the breach between the congress executive and the strongly anti-Communist group that has been pressing the executive to adopt a tougher policy towards Reds in Canadian unions.

# L.L.P. Writer Expelled From Gallery

OTTAWA, March 25 (CP).—Mark Frank, Ottawa correspondent of The Canadian Tribune, a weekly published in Toronto, today was expelled as an associate member of the Parliamentary press gallery.

The press gallery is composed of some 75 active members and ten associate members, representing papers across Canada, in the United States, the United Kingdom and Russia.

In an almost unprecedented action, a general meeting of gallery correspondents voted to withdraw Parliamentary press gallery privileges from The Canadian Tribune reporter, also Eastern Ontario organizer for the Labor-Progressive Party.

WILL APPEAL

Frank commented in a statement: "I intend to appeal the suspension of my privileges and to re-apply for the opportunity of my paper being accorded equal status in the coverage of news of Parliament Hill."

The gallery action arose from two incidents.

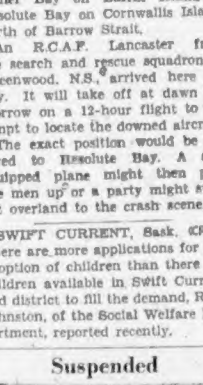

A story in The Canadian Tribune of March 21 purported to attribute quotations to External Affairs Minister Pearson at an "off-the-record" conference for gallery members.

In addition, the gallery said Frank misrepresented the gallery in obtaining speaking quarters at the Chateau Laurier last week for Tim Buck, Labor-Progressive Leader. The hotel subsequently canceled the reservation.

# 'Axis Sally' Sentenced To Prison

WASHINGTON, March 25 (AP).—Mildred E. (Axis Sally) Gillars today was sentenced to ten to 30 years in prison for treason.

Federal Judge Edward M. Curran also fined her $10,000.

Loss of citizenship is automatic on conviction of treason.

Miss Gillars, 48-year-old Maine-born woman, was convicted March 10. Sentence was delayed until her lawyers could argue motions for a new trial.

DENIES MOTIONS

Just before sentence, Judge Curran denied these motions.

James J. Laughlin, counsel for Miss Gillars, served notice of an appeal. He told reporters the case would be fought up to the Supreme Court.

Miss Gillars broadcast the "Axis Sally" programs for the Nazi radio during the war. Her treason conviction was based on the broadcast of one propaganda drama called "Vision of Invasion."

The ten to 30-year sentence means that, under ordinary circumstances, Miss Gillars will be eligible for parole after serving ten years, or one-third of the maximum.

If, when eligible for parole, she should be unable to pay the $10,000 fine she could take an oath that she is without funds and would serve an additional 30 days in lieu of paying the fine.

CARMAN, Man. (CP).—The young men's section of the Dufferin Agricultural Club is planning the organization of a film council for the district and propose to purchase a projector.

## *Voters in Greater Victoria Increase by 1,200 Monthly*

Number of persons eligible to vote in the Greater Victoria area last November was 65,033, according to W. H. Ryan, registrar of voters for Victoria, Esquimalt, Saanich and Oak Bay electoral districts.

Since then registrations have increased at the rate of about 1,200 a month, raising the figure to 67,820 by February 12 of this year.

Mr. Ryan estimates the figure at more than 70,000. A rush of registrations is expected with talk of a provincial election in about two months.

According to Mr. Ryan, Doukhobors are about the only group excluded from the franchise. Any British or Canadian subject 21 years of age is eligible to vote provided they have lived in this country one year and in British Columbia six months.

Mr. Ryan said there may be several thousand persons still not registered in the Victoria area who are entitled to a vote.

At present, cards are being made up which will be mailed to those now on the voters' list. The cards tell each voted that he or she is on the list, and asks if names and addresses are correct.

**NO CONNECTION**

Harry Anderson, chief engineer of the Provincial Public Works Department, disclosed yesterday plans for an express highway from Victoria to Patricia Bay had nothing to do with the setting aside of eight miles of the old C.N.R. right-of-way, running north from Cedar Hill Crossroad, for highway purposes.

Action was taken to provide access to subdivisions of property in the district, he said.

The highway strip, 66 feet in width, does not include Lochside Road or any portion of Blenkinsop Lake.

**TWO ARRESTED**

Two Victoria men were arrested on false pretences charges yesterday afternoon by Detectives P. W. Richards and Alex Briggs.

They are Fred Basanta, 2975 Millgrove Street, and David Duncan, 902 Trutch Street.

Inspector Harry Mercer, chief of city detectives, said the pair have been charged with obtaining $10 by false pretences. They will appear in police court this morning.

**DRAFT AGREEMENT**

A proposed building trades agreement to cover all trades in the construction industry, was drafted by the Victoria Building Trades Council at its meeting Thursday night.

The council said they would ask the Builders' Exchange to discuss the proposals.

At the same meeting the council voted to support Vancouver Island Freight Line drivers now on strike for better wages and conditions.

Announcement was made of arrival of an international organiser to spur organisation of painters.

**LOOT RECOVERED**

Merchants who have lost goods through shoplifting have been asked by Inspector Harry Mercer, chief of city detectives, to look over a quantity of stolen articles being held at the station.

The goods were recovered Thursday night by Detectives Louis Calion and Angus Munro.

Among the loot are shoes, a watch and several articles of clothing.

Either the beer in Victoria's veterans' clubs is getting stronger or the Old Sweats are getting weaker.

For the second time in two days city police have been called to a veterans' club to rush to hospital elderly veterans who have collapsed in chairs.

Thursday it was the Army, Navy and Air Force Veterans and yesterday it was the Veterans' of France. Yesterday's victim was 82 years of age.

## Governor-General Travels in Special R.C.A.F. Dakota

Special R.C.A.F. Dakota, V.I.P. 1000, which flew Viscount Alexander from Ottawa, across United States and up to Victoria yesterday, is shown above. Governor-General's flag flies at "masthead." Plane crew reported uneventful trip from East with stops at Leavenworth, Kansas, Albuquerque, New Mexico; Los Angeles and San Francisco. Alexander was accounted good flyer, not bothered by "turbulent" area passed through on way north. Big silver plane belongs to 412 Transport Squadron, Rockcliffe Field, near Ottawa.

# Mayor Back From U.S. Conference With Wider View of Civic Planning

Mayor Percy E. George was back at his desk in the City Hall yesterday following his return from Washington, D.C., where he attended the national conference of United States mayors.

He brought with him a digest he made of discussions and addresses which centred around pressing municipal problems such as housing, slum clearance, education and general city planning.

Despite the fact that only problems peculiar to the United States were considered, Mayor George said the conference served to broaden considerably his outlook in regard to the potentialities of city planning. Many of the problems outlined at the conference were similar to problems existing locally and throughout Canada, he said.

The mayor is more convinced in his opinion that "we have a great deal in British Columbia to be thankful for."

**TRUMAN SPEAKS**

More than 40 speakers addressed the conference, among them United States President Harry Truman and Vice-President Alben W. Barkley.

Mayor George said pressure of the national business made it impossible for President Truman to meet Canadian mayors attending the conference, as it had been hoped might be arranged.

The United States has a terrific housing problem to meet, Mayor George declared.

Magnitude of the United States housing problem can be fully realized through the fact that slum conditions have spread like a blight through 4,000,000 housing units occupied by the nation's wage earners, according to the mayor.

Tenement districts in Atlantic seaboard cities are both numerous and large, he reported.

"They've taken 25-foot lots and just divided them in two so that tenement houses are only 12½ feet wide," he said. "There are acres and acres of such housing."

**BETTER HOUSED**

In the words of Mayor George W. Welsh, of Grand Rapids, president of the United States mayors' organization, the low income group of Norway, Scandinavian countries in general, and Switzerland are "far better housed" than similar low income groups in the United States.

A report from business was given the conference of mayors by J. L. McCaffrey, president of the International Harvester Company.

According to Mayor George, Mr. McCaffrey's remarks were based on the contention that the unity of the country, the state and the municipality is being undermined by the growing number of persons in all walks of life "who have faults to find with someone else."

Mr. McCaffrey said the theory of collectivism, which is essentially Socialism or Communism, pre-supposes "supermen" while none can exist. It was on this contention that he based his "very strong" belief in free enterprise.

**FEDERAL SCHOOL AID**

Albert Rains, member of the United States Congress, told the conference of mayors that the United States Federal Government must extend help to municipalities to finance the capital costs of the nation's schools.

Mayor George said the Congressman's remarks were of special interest to executive members of the Canadian Federation of Mayors and Municipalities in attendance.

Congressman Rains is reported to have stated there was not enough money in the municipalities to finance the necessary extension of school facilities. He said it took all the money possessed by the municipalities to take care of capital expenditures required by the schools.

United States civic officials go about fulfilling the wishes of their planning experts in a high, wide and handsome way, Mayor George disclosed.

**FORCIBLY MOVED**

Planning experts have decided a new express highway is required to connect New York City with one of the city's three municipal airports. To may way for the highway 6,000 families will be forcibly moved.

People occupying two-room premises are being paid a bonus of $200 to get out. Those occupying four rooms, $400.

Mayor George said Victoria was fortunate in having a Federal Government airport located nearby.

According to Austin J. Tobin, executive director of the Port of New York Authority, said the mayor, the city loses $750,000 a year on operations of its three airports.

**HOSPITALS CROWDED**

Provision of adequate sewage disposal facilities is a major problem in United States cities, Mayor George stated, and shortage of hospital facilities is also a major problem.

Amalgamation came up for discussion at the conference, Mayor George said. Amalgamation was the subject of an address by Mayor William B. Hartsfield, of Atlanta.

Mayors were advised to go slow with efforts to absorb improved municipalities adjacent to metropolitan areas.

Mayor George said the Atlanta mayor declared the city taxpayer "was definitely in for a drubbing" by asking that districts with few if any improvements be absorbed into his city.

## B.C. Collieries Produce Well

Output of British Columbia collieries in February of this year was 161,102 tons of coal, Mines Minister R. C. Macdonald disclosed yesterday. The mines were free of labor disputes during the month.

Total output for February, 1947, was 40,425 tons. Vancouver Island collieries were closed down all that month.

Production at Comox last month was 19,148 tons. South Wellington production was 19,968 tons.

## Plan Special Foreshore Visit To Study Erosion, Underbrush

Special visit to study underbrush, trees and erosion on the foreshore between Beacon Hill Park and the Breakwater, with the city engineer and the parks superintendent, was voted last night by the town planning commission.

The inspection was decided on after the commission heard a petition asking that every other tree between Paddon Avenue and Government Street be cut down and that underbrush be cleared out.

M. Kirkpatrick Crockett, objecting to the move, protested that brush should not be removed when it helped bind the bank and prevent erosion, and added that the last time brush was cleared away it became an eyesore.

Describing the trees as a great attraction, he declared they "belong to the city, and I have as much right to preserve them as the people who live in front of them."

Alderman Duncan McTavish, who lives facing the trees, said residents who paid high taxes for a view had a right to complain if the sea was cut off by trees, and called the brush a "cesspool."

Turning to the problem of erosion, Alderman McTavish said "there'll have to be a major operation along the waterfront to check erosion. I don't know what it will cost."

## *Public Invited to View Display by Night School*

Public has been invited to view displays of students' work in Victoria Evening Classes next week, when the 1948-49 session winds up.

Students will meet as usual during the first part of the open-house evenings, but displays will be open to the public between 8:15 and 10 p.m.

Displays include:

Old Oak Bay High School, Tuesday, oil and water color painting, instructed by W. H. Moorehouse; dressmaking, instructed by Mrs. Temple; woodworking, instructed by J. D. Magee and S. F. Maddock.

The same night, sculpture and design, instructed by Mr. and Mrs. D. Packard, will be on display at the "barn" studio, Lansdowne Road, opposite the Normal School.

West Building, Central Junior High School, Wednesday, woodworking, instructed by A. H. Marrion and A. L. Bagshaw; dressmaking, instructed by Mrs. M. L. Guild; millinery, instructed by Miss E. Mercer; leathercraft, instructed by G. D'Arcy; mechanical drafting, instructed by J. S. White and D. G. Anstey; oil and water color painting, instructed by W. H. Moorhouse.

Victoria High School, ground floor, Thursday, clay modeling, Miss D. Eowe; art metal working, N. M. Simister; dressmaking, Mrs. L. Gibson; commercial art, E. F. Stidder; radio construction, H. C. George; sheet metal drafting, C. Thom; electricity, R. T. Stark and W. A. Smelser; building construction, H. Vallient; oil and water colors, W. H. Moorhouse; machine shop practice, T. A. Quale, in the technical building.

Other Thursday displays include woodworking at Mount View High School, instructed by E. W. Lythgoe, and at Quadra School, instructed by F. Hols.

## Confectioners' "Intrusions" Under Attack

"Little intrusions" of confectioneries into residential districts were deplored at the meeting of the town planning commission last night when they refused to support an application by Chris Hermuses to open a $15,000 confectionery at the intersection of Douglas and Superior Streets.

After letters protesting the application had been read from Mrs. Florence M. Grogan, Miss Iona C. Porter and Mr. Carew Martin, K.C., for St. Mary's Guest Home, all nearby property owners, the commission got into the general character of confectioneries in residential districts.

"Their back doors are always a conglomeration of empty cartons and rubbish," M. Kirkpatrick Crockett complained. "And candy bar wrappers litter the ground for a whole block around them."

Other commissioners echoed his view and indicated that further applications will be treated in that light.

## Mild Twitting Meets Move Against Mill

The town planning commission last night handed the S.P.C.A. a mild twitting for protesting the establishment of a mill in an area set aside for heavy industry.

"They were referring to an application of the S.P.C.A. at the last City Council meeting when they asked the council to turn down the application of the Atom Lumber Company to use a lot adjoining the new S.P.C.A. shelter, Industrial Reserve.

After hearing that the mill would be 150 feet from the S.P.C.A. land and that the adjoining parts would be used only for piling lumber, the commission called the S.P.C.A. protest "very weak."

**BID QUESTIONED**

An application to rezone the northwest corner of Quadra and Pembroke Streets from commercial purposes to garage purposes was questioned because of heavy traffic on Quadra Street and its location across the street from Central Park before being referred to the zoning committee.

The commission voted to recommend rezoning of the southeast corner of Lillian Road and Wildwood Avenue after hearing the owner in return would give the city an eight-foot strip to widen the road there and that there was already a site set off for a garage across the street.

An application to change Fort Street, between Linden Avenue and Cook Street, from apartmental to commercial zoning was referred back to the zoning committee for further study.

## Admits Theft; Assessed Fine

Arthur Allison, who pleaded guilty to a charge of theft of scrap iron, was fined $25, $3 costs or in default 20 days in jail by A. I. Thomas, J.P., in Provincial Police court yesterday.

Charge was laid by Constable William Stark.

On charges of assault Mrs. Lilliam Maxwell, Esquimalt Lagoon, and Leonard Parker, same address, were found guilty and bound over to keep the peace for six months. They each paid $3 costs.

Mrs. Maxwell laid the charge against Parker who then laid a counter-charge. A dispute over dogs and sheep led to the alleged assault on March 19, police said.

The woman was represented by W. R. McIntyre and Maxwell by Patrick J. Sinnott.

## Says Church, Democracy Defences Against Reds

More vigorous support and participation in religious and democratic activities would be one of the best defences against the spread of Communism, Alfred W. Klieforth, American Counsul General for Vancouver, said yesterday.

Addressing a rgeular luncheon meeting of the Victoria Canadian Club in the Empress Hotel, he declared that religion and democracy were the major targets of Communist offensives.

He began by outlining methods Nazi Germany used in its rise to power, and spoke of the thoroughness of the Nazis in keeping informed on affairs in other countries.

That is just what the Communists are doing now, he pointed out, adding that when they saw weaknesses in Western attitudes toward religion and democracy, their policies of aggression were encouraged.

He went on to say that both institutions had grown relatively weak both here and in Europe and now constituted a minority force that Western Powers must strengthen as a means of thwarting Russia's attacks.

Mr. Klieforth has served with the United States diplomatic and consular service ever since his discharge after the Great War.

His services includes Russia, Finland, Sweden, Latvia, Austria and Germany before 1942 and Czechoslovakia in 1945.

## Back Protest Against Guard Change

Another echo of repercussions over the question of security guard personnel at H.M.C.S. Dockyard was sounded here last night.

A meeting of the Victoria Zone and District Council of the Federal Civil Servants' Association endorsed recent protests of the Dockyard civil servants against a move by the Corps of Commissionaires to assume security guard duties.

The corps asked that R.C.M.P. members who at present form part of the guard at the Dockyard be replaced by commissionaires.

**WON'T BE RELIEVED**

This week, Federal Minister of Justice Stuart Garson said that no decision had been reached on the matter, but that R.C.M.P. guards would not be relieved on March 31, as had previously been reported.

A spokesman for last night's meeting said, "We feel that R.C.M.P. guards should be retained at the present time."

"They are elderly men and doing a good job where they are. There is no reason why they should be moved," he said.

The Civil Servants' Association member claimed that commissionales would have to be taught things the present guard "already know," if the corps took over the security guard duties.

## Logger's Death Held Accident

Coroner's jury described the death of Edward McKinley Erickson, 23, of Shawnigan Lake, as "accidental" at the inquest in Hirst's Funeral Home, Duncan, last night. Coroner Alfred E. Green officiated.

Erickson was killed at noon Thursday when struck by a cable during logging operations on the west side of Shawnigan Lake.

He is survived by his widow and an infant son.

## *Island Geological Survey Well Worthwhile*

WHILE the presence of iron and coal on Vancouver Island and in the Gulf Islands has been known for upwards of a century, they are not yet being put together in the form of steel. Oldtime prospectors in search of gold on the Island established the existence of other ores. Notable among these were iron ores; some in a form readily useful in making steel, and others not. The extent and value of these ore bodies, and presumably much other mineralization not as yet recorded, have never really been traced by comprehensive report under the authority of the Provincial Department of Mines.

Now that the Provincial Government has shown some latent interest in steel, perhaps the long-promised and equally long-deferred geological survey will be made. There is real need of it to determine exactly what mineralization exists on the Island and in the neighboring Gulf Islands, and in the long-range view to find a successor to the Island's timber wealth when that has been reduced to a maintenance crop, as soon it will be. Also there will be some handicaps to overcome. For generations provincial engineers have "written down" the Island in favor of Mainland mineral deposits, and that habit of mind may be difficult to overcome. On the other hand, it would be to everybody's gain if Island ore bodies were proved up and those that were found to be of commercial value developed.

The history of the Island for more than a century has been replete with isolated "discoveries" of mineral and other wealth. In only a handful of instances have such properties been explored sufficiently to give any precise estimate as to what they may contain. The quickest, most accessible and perhaps highest value crop on the Island has been timber, and that has been "mined" exhaustively as today's evidences are beginning to show. Minerals come next. Well, where are the minerals and in what do they consist?

## *It All Depends on Who Owes the Money*

THE popular back-dating of the new lower income tax schedules nevertheless illuminates a Federal practice that irks taxpayers a good deal. By April, 1950, most employees may find that because of excessive payroll deductions the national treasury will owe them money rather than the reverse. This will be a pleasant change, no doubt, but if departmental precedent is any guide it will be tempered by long delay in making tax refunds—which will bear no interest.

The relationship between the income taxpayer and the treasury is a curious one, not found in normal business transactions. The dice are always loaded against the taxpayer. Should he underpay his annual tax he is assessed a severe interest penalty, now raised to 8 per cent. Should he overpay his tax he not only has to wait an unconscionable time to gain a refund, but there is no corresponding interest liability on the treasury, or at least it refuses to accept one.

The current repayment of compulsory savings is a variation of the constant theme played by taxgatherers. After having had the loan of a vast sum of public money for years they return it with the addition of a meagre 2 per cent interest allowance. Joy at having a debt repaid is presumed to obscure the low premium rate. As between the Government and the taxpayer quite obviously it depends entirely on who owes whom. The bargain is too one-sided, however, and in relation to income tax debits and credits it is time it was brought closer to par.

## *Victoria Takes Its Place in the World of Music*

BECAUSE of its geographical location, Victoria has been under a disadvantage in the past in opportunities for the enjoyment of good music. It is true that many of the leading artists of today include Victoria in their concert tours, but in the entrancing field of symphony the expense and difficulties of transportation have made the city largely dependent on its own resources.

Fortunately there is no dearth of instrumental talent here and the challenge is being met with encouraging success by the Victoria Symphony Orchestra. In the concert season just ended this group of musicians has brought delight to large audiences, and has displayed stimulating improvement. Much of the credit for its advancement belongs to Mr. Hans Gruber, an unassuming young man of marked ability who took over the musical direction of the orchestra last year. His encouragement and help in rehearsal, and his unostentatious but positive control on the concert stage, have infused new life and fire into an orchestra that needed only skillful leadership.

Outside the concert hall also Mr. Gruber has done much to foster an understanding appreciation of the best in music through the series of evening classes at the Normal School.

It should be a matter of gratification, therefore, to know that though the season has been brought to a close Mr. Gruber will remain in Victoria and continue to direct the orchestra next season. Under his tutelage and guidance it should enjoy an increasing measure of merited support.

Letters to the editor on any topic of genuine public interest are welcome if they are brief, accurate and clear. No letter will be inserted, in whole or in part, except over the proper signature and address of the writer. Unsolicited correspondence cannot be returned.

### DEFENDING THE BRASS

Sir,—The author of the criticism of the last concert of the Victoria Symphony Orchestra, which appeared on March 22, would give your readers the impression that players of brass instruments are not musicians but, at times, "play like musicians." This indicates an appalling lack of knowledge of wind instruments and their place and function in a symphony orchestra.

The critic noted an improvement in the strings and bass drum (which really wasn't very hard to notice!), but failed to hear a beautifully-played passage by three trombones and tuba in the fourth movement of the Brahms Symphony; also some superb playing by the flute and clarinet.

If the playing of the brass instruments in the Overture 1812 didn't sound like a "Panzer Division" that was an error. If history can be relied upon, Napoleon's trip to Moscow was no tea party, but was, in fact, a "Panzer Division."

GEORGE SWAILES.

388 Davida Street, Victoria, B.C.

### ATHENIAN EXAMPLE

Sir,—With airy insouciance your correspondent, Ellen Hart, skims the centuries from Solon to the elections of tomorrow, alighting precariously for a moment in early England, in order to conclude—but what exactly is concluded must be left to more discerning readers than I. Her version of English history will hardly be accepted by all; but is couched in terms so inconsequentially vague as to be relatively safe from direct assault. But the strictures that are visited upon poor Cleisthenes and fifth century Athens (Cleisthenes, incidentally, flourished in the sixth century, B.C.) must not pass without a protest.

Solon was justly regarded as the founder of Athenian democracy, but his most satisfactory and permanent reforms were in the social and economic fields; these Cleisthenes left untouched. But the Solonic Council of Four Hundred, while embodying the principle of wider democratic representation, never in fact worked satisfactorily because, being elected on the old tribal basis, it failed to curb the political influence of the aristocratic clan-groups. The consequent unrest (for the middle and lower classes could only seek redress by means of faction) ended in the Peisistratid tyranny. It was the great service of Cleisthenes that, by a reform at once simple and ingenious, he was able to substitute for the strife of wealthy families a unifying concept, centred on Athens itself, which for the first time afforded free play to purely political principles and ideals.

Cleisthenes, in short, building on Solonic foundations, may in a very real sense be said to have created the type of social democracy that is in operation today in the United States of America and the Commonwealth of Nations. His responsibility for ostracism is, at the least, doubtful. He disappears from the Athenian scene in 507 B.C., whereas the first recorded example of ostracism occurred in 487. . . .

Space prevents me from showing why the downfall of Athens was due to quite other reasons than those insinuated by Ellen Hart. But, in an age when these things are apt to be forgotten, I make no apology for reminding some of your readers, to whom her letter could easily convey a prejudice, that to most of what is significant and permanent today in art, science and literature, the greatest single impetus was given by the Greek world (with Athens at its centre) of the sixth, fifth and fourth centuries, B.C.; that the Greek genius blossomed as it did because of the encouragement of a great public; and that an enlightened public only became possible through the development of a freedom-loving, responsible, social democracy.

R. N. M. MURRAY.

## Port Authority

By FRANK M. KELLEY

PREDICTING that such and such action will result in a loss of business before it can be put to the proof seems like a groundless assumption. This is pertinent to the argument originating over the resolution recently presented to members of the Victoria Chamber of Commerce by a special committee of that body, in favor of putting all matters pertaining to the Port of Victoria under the direction of a port authority, as in other Canadian seaports.

Proponents of the seemingly wise suggestion sincerely believe such an authority can do a lot of good in expanding the port's usefulness, as a transhipping centre particularly. Its opponents are equally confident any attempt to think up rules and regulations pertaining to ship patronage, which could mean imposition of fees, would discourage vessels from calling here altogether.

**QUICKER DESPATCH**

Naturally ship operators, being in a highly competitive business, must consider port charges; but if the cost of a commission could make a better harbor than we have, provide quicker despatch facilities and to some extent safeguard the ship properly while berthed at a local pier, it seems reasonable to assume that underwriters and operators would hardly refuse to send their ships here, especially when they can save a couple of days' steaming time and as high, if not higher, port charges elsewhere.

Some Victorians interested in marine matters have long been in favor of a more or less "go as you can" policy, letting the people of Canada pay for harbor improvements which really should be charged against shipping, at least in part. Everyone will concede making port charges as small as possible is good business; but the practice, if it can be carried out, should not sacrifice services.

I can remember very well when the Canadian Government spent about six million dollars, so it is said, on Ogden Point breakwater and two piers. Some Victorians voiced the opinion that the whole deepsea harbor proposition be administered locally rather than by remote control from Ottawa; but there were others, as there are today, equally sure that the cheaper services can be supplied ship owners the stronger would be Victoria's appeal for their patronage. They had their way.

**SHIPS WITHDRAWN**

Very good in theory, but it has not worked out well in practice, even though the Canadian people have paid to prove it over the years. Why is it that Victoria has lost so much shipping business, even with no port authority, in the past few decades? Several Japanese lines, which established their first Canadian contacts at Victoria and called here for years, concluded it was better business to steam farther and pay top harbor dues.

I can name half a dozen steamship lines which tried Victoria's cheap fees. Maybe it was nobody's business to keep them coming. My information, too, is that the American Mail Line, which brought a lot of business to Victoria, will not call here when full service is resumed to the Orient. Letting well enough alone can have its drawbacks, too.

## Spectacles Free

SOME peculiar things are happening in Britain as a result of the "free" national health service. A recent letter to The Times, London, described one incident.

A woman broke her glasses and brought them to the Government department in charge of the health service. She was told that the service did not repair spectacles but any optometrist would do the job for 50 cents—at her own expense.

The woman then asked the officials what would happen if she "lost" the broken glasses. Could she get a new pair free? She was told that she would be quite within her rights to apply for a new pair.

Need it be said that the broken glasses—repairable for 50 cents—were "lost" and the woman fitted with not one, but two new pairs, at a cost to the Government of more than $20.

## Free Speech—or Propaganda?

By DOROTHY THOMPSON

NEW YORK, March 25.—The State Department granted visas to 23 delegates from Cominform countries to attend a "cultural and scientific conference for world peace," beginning in New York today, on the ground of "unswerving devotion to freedom of information and free speech."

That statement confuses the issue. This New York conference has nothing to do with culture, science or free speech. Sponsored by the National Council of the Arts, Sciences and Professions and called by Professor Harlow Shapley of Harvard, the conference is intended as a platform for anti-American Soviet propaganda. It is a Cominform invasion of America and a tactic in the cold war. And its convocation insults the very idea of free speech.

* * * * *

There are, in this country, writers, scientists and members of the learned professions from Cominform countries who barely have escaped with their lives, precisely for "free speech." Will these be heard? Will the conference invite Ferdinand Peroutka, Prague's most distinguished journalist? He served six years in Buchenwald for Nazi hatred of free speech. He escaped by a hair's breadth from forced labor, because of Communist hatred of free speech.

Of course he will not be permitted to speak. And what can he, and others like him, think of the State Department's reasoning?

The distinguished philosophical professor, Dr. Sidney Hook, asked to be permitted to present a thesis on three points, precisely pertinent to the scientific attitude: 1. There are no "national truths" in science; 2. There are no "class truths" or "party truths"; 3. The cause of international scientific co-operation and peace has been undermined by doctrines that uphold the notion that there are "national" or "class" or "party" truths in science.

But Mr. Hook is refused a hearing, though supported in a strong letter to Professor Shapley from Anton J. Carlson, famous psysiologist, ex-president of both the American Association for the Advance of Science and the American Association of University Professors.

* * * * *

The upholders of free speech and free scientific inquiry are kicked out by the persecutors of both.

Alexander Fadeyev, general secretary of the Soviet Writers' Union, heads the Moscow delegation. He got his job for co-operating in purging the cultural life of Russia of all "cosmopolitans and anti-patriots," and sending his most distinguished colleagues to the doghouse. Why didn't we invite Dr. Goebbels to a "cultural conference"?

This conference begins with a purge. Professor H. J. Muller, American Nobel Prize winner, one of the world's greatest geneticists, former honorary member of the Russian Academy of Science, who resigned when distinguished Russian geneticists were purged, is barred from the conference; but Alexander Oparin, who took the lead in the purge which sent some of his colleagues (Professor Vavilov, for instance), to death, is invited.

Nor can I understand the distinguished American musicians who welcome Shostakovich, after the repeated mea culpas he has sworn before Soviet Gestapos. Gieseking merely came here to play, but the State Department put him on a plane—after giving him a visa—while Shostakovich is here on a political (totalitarian) and anti-American mission.

Now that the department has issued the visas it owes something to American upholders of free speech, namely, insistence that all sides should be heard—not in a rival conference but in this one.

## Barred From the Bar

(From The Ottawa Citizen)

THE ruling of the British Columbia Supreme Court that Mr. Gordon Martin, as an avowed member of the Labor-Progressive Party, is not fit to be admitted to the bar will no doubt be considered by many an infringement of civil liberties. Yet the peculiar circumstances arising out of the special positions occupied by both the legal profession and the Communists in our society perhaps justify the decision of the British Columbia court.

Besides acting on behalf of his clients a lawyer is an officer of the court. He takes an oath of allegiance, and must be prepared to uphold our system of jurisprudence. On this system, and on the fairness and impartiality of the courts, the individual liberties of Canadians in the last analysis rest. Of all our political groups the Communist party is the only one that frankly claims allegiance, not to Canada, but to Russia, a foreign country. That being so, could Mr. Martin honestly have sworn to uphold the Canadian system of jurisprudence, which after all is based on our system of parliamentary government? Obviously not.

Other callings are not in the same category. Physicians, architects, engineers and others could be Communists, yet they might discharge their professional duties with complete honesty and efficiency. But can a Communist interpret laws under a system of jurisprudence and government to which he is hostile? Is it not logical that he would seek to undermine rather than to uphold the parliamentary system? Many liberals will be compelled to conclude, however reluctantly, that probably the British Columbia court in this case could reach no other decision.

The Rumanian Cabinet has issued a series of housing regulations laying down how much room a person is entitled to. A husband and wife have the right to one room, and so have people living alone; three children up to the age of eleven can share a room, and persons over this age can live two to a room if they are of the same sex. No provision is made for a living-room except for state dignitaries, members of the professions, men of letters and artists, people seriously ill, employees working at home, and workers who have earned the Order of Labor and Star of the Republic.—The Manchester Guardian.

"According to the evidence of the witnesses you were caught just as you were getting out of the window with the contents of the till in your pocket. Now, what excuse have you got?" and the judge leaned back in his chair very complacently.

"I knew it," answered the prisoner, "and I shall always be grateful to the man who caught me. When I have these somnambulistic fits I am in danger of falling out of windows and hurting myself."

"That idea never occurred to me," remarked the judge pensively.

"It has occurred to me," remarked the prisoner with unconscious humor.

"That being the case, I will direct a warder—"

"To release me?"

"No, but to see that an extra bar is put across your cell window for fear you may fall out."

## The Packsack

Of GREGORY CLARK

IT is so easy to let somebody else feel good at your expense. Small expense. For instance, in traffic, when you come to a traffic light and you are first in line.

Alongside quietly sneaks another car; maybe on the outside of you, maybe on the inside.

Just before the warning light comes on, you sense in your neighbor driver a quiet alertness, a tensing. Maybe he accelerates his engine . . .

He wants to beat you. He intends to beat you. A trivial little contest that goes on all day, all night, all over the world wherever men drive cars is about to take place. Because you were first in line, you feel you have the right to lead the procession when the jump comes with the green light.

The light blinks green. You tramp on the gas. You leap forward in gear. The car beside you leaps too. You shift gears. You gain speed. Then, deliberately, you let your rival take the lead. . . .

You have let him feel good. He doesn't know it. He thinks he has beaten you. He gets a small glow from it, especially if his car is an old crock and yours is a smart new one. You may have the better car he thinks, but he is the smarter driver. . . .

Seldom if ever do we do this. The normal thing is for the man first to the intersection to take the lead by force and with a lot of expense and exhaust fumes and ego. It is we who must feel good. Even in so tiny a matter as this commonplace incident in traffic, we must assert our ego; we must feel good, not the other fellow.

Yet so amusing and mellowing is it to kid the other fellow into thinking he is good that it is a wonder millions of us don't practise the trick all day, every day, rather than the opposite.

For the weird fact is that by making the other fellow feel good, you make yourself feel better. Better than he, that is.—Canada Wide Feature Service Ltd.

## Looking Back

Through Colonist Files

25 YEARS AGO—Alderman A. E. Todd declared that the greatest need of the Victoria district was unification of Victoria, Saanich, Oak Bay and Esquimalt, with a single mayor and council.

50 YEARS AGO — Plans have been completed by Mr. F. M. Rattenbury for the proposed alterations to the Court House for which the Legislature voted $12,000.

85 YEARS AGO—The booming of cannon yesterday conveyed the unexpected intelligence that the long-looked-for mail steamer had arrived and that our new Governor (Captain Kennedy) was on board.

# C.C.L. Seeks Larger Program Of Public Works for Jobless

OTTAWA, March 25 (CP).—Warning that unemployment is striking Canada, the Canadian Congress of Labor today called on the Government to enlarge its "rainy day" public works program and immediately put it into operation to provide work.

In its annual legislative submission to the Cabinet, the 360,000-man C.C.L. also urged Government action on housing, lower taxes, renewed price controls, measures against inflation and deflation, extension of the Federal labor code, social security measures and legislation in a wide range of other labor and social matters.

Chief recommendations in the C.C.L.'s 6,500-word brief:

1. A large-scale housing program.

ASK SUBSIDIES

2. Action against inflation through price controls, subsidies on essential commodities, a revived excess profits tax and higher corporation income tax.

3. No devaluation of the Canadian dollar.

4. Measures to guard against deflation, through public investment and social security programs.

5. Enlargement of the scope of the Federal labor code and other amendments in line with previous C.C.L. recommendations.

6. Further hoists in personal income tax exemptions beyond those provided in Tuesday night's budget. The congress would have these raised from $1,000 to $1,500 for single persons and from $2,000 to $2,500 for married persons.

SECURITY PLAN

7. National security program covering the whole field of health, invalidity, old-age pensions and other aspects in line with Britain's social security system. It would include free medical, hospital and dental services, along with sickness and accident insurance.

8. Amendment of the British North America Act to give the Dominion jurisdiction over social security, labor and other matters.

9. Representation of labor on all Government bodies dealing with matters of primary concern to the workers.

10. Extension of the coverage of unemployment insurance, plus an increase in the scale of benefits generally.

EDUCATION AID

11. More Federal assistance for education.

12. Immediate action to put into effect programs of public works and other enterprises, which have been stored up against unemployment.

13. Increasing of steel-production facilities, through public ownership if the private producers are unwilling or unable to meet the steel shortage situation.

14. Adoption of a national bill of rights.

15. Establishment of a guaranteed minimum wage of $2,000 a year.

16. A national fuel policy.

17. Increases in old-age and other pension rates.

18. Aid for the shipbuilding industry.

19. Extension of the voting franchise to all over 18 years.

The C.C.L. presentation was one of a series of annual legislative submissions made to the Cabinet in the last two days by Canada's labor bodies.

T.L.C. REQUESTS

Yesterday, the Government heard the Trades and Labor Congress and the legislative committee of the railway brotherhoods.

The Trades and Labor Congress called for an all-inclusive program of social security, including national health insurance and it also asked lower taxes, the return of price control, a low-rental housing scheme, extension of the scope of the national labor code and several other measures.

## His Hobby Becomes Big Business

WINNIPEG, March 25 (CP).—Forty-year-old Kazimir Bileski is a man who made a childhood hobby pay off.

A "bug" on stamps in his youth, Bileski now is regarded as one of the foremost stamp authorities and operators in the country. Millions upon millions of stamps pass through his hands, and that's in a literal sense.

Only a few weeks ago, Bileski purchased approximately 300,000,000 stamps at an auction in Hamilton, Bermuda. He was the major buyer at a government sale of contraband stamps. His purchases—their weight ran to about 1½ tons—cost about $20,000.

Bileski, who received about 1,000 letters weekly in his mail order stamp business, was a school teacher in Saskatchewan before he decided in 1931 to turn his avocation into a full-time job.

DOCTOR CLIENTS

Bileski says that most of his clients are "older people" and that they include "an enormous amount of doctors." Bileski considers that one of the values of stamp collecting, where children are involved, is that it serves to "counteract this comic book craze."

He calculates that there are about 180,000 varieties of stamps—that would be the single collection with one of every possible type of stamp. And he estimates the value of such a collection, if it were possible for any one person to gather all the stamps involved, at $1,500,000.

Bileski has his own private stamp collection as well as an assortment of letter covers. In the latter category he prizes a number of envelopes and notes once in the hands of Hitler.

One envelope carried no address. It was a cartoon of Hitler's face atop a gorilla's body and apparently was delivered to the German leader without trouble. Another envelope that Hitler apparently had saved was addressed to: "Adolf Hitler, Master of the World."

## Plan to Close Consulates

LAKE SUCCESS, N.Y., March 25 (AP). — Informed sources reported today the Russian Government has decided tentatively to close its three consulates in neighboring Iran, which has been under frequent verbal attack by Moscow. There still is a chance the situation will be ironed out without closing of the consulates, it was said.

The three Russian consulates in Iran are at Tabriz, Meshed and Ahwaz.

## Friends' Collision Hurts Acquaintance

PHILADELPHIA, March 25 (NANA).—Albert Holstein, 34, of this city, slowed his car to make a turn the other day and felt a heavy bump as another auto ran into his rear bumper. The culprit turned out to be his friend, Roland Thomas. While the two men investigated the damage, another car ran into the rear of Thomas' auto. The offender was Robert J. Patton, friend of both Holstein and Thomas. The latter was taken to a hospital along with one of his passengers for treatment of bruises.

## Survey to Aid Press, Public

NEW YORK, March 25 (AP).—Editor and Publisher said today a panel of newspapermen and educationists had approved tentative proposals for a study of the "self-improvement possibilities" of American newspapers.

Goal of the survey, the trade publication said, would be to help newspapermen turn out better newspapers and at the same time guide the general public to a better understanding of them.

The ten-man panel, sponsored by Editor and Publisher, met here March 18, approving at that time tentative proposals for a "joint appraisal of the self-improvement possibilities of American newspapers through studies of specific problems."

The studies would be conducted by an independent body, financed by Foundation funds and supervised by an advisory group of newspapermen. No formal action on the projected program was taken at the meeting.

# *Court Fines U.K. Daily, Jails Editor*

LONDON, March 25 (Reuters).—A High Court today fined the proprietors of The London Daily Mirror £10,000 ($40,000) for contempt of court, and ordered the editor, Silvester Bolan, to be detained in prison for three months.

The contempt consisted of an article published in The Mirror, held to prejudice the trial of John George Haigh, 39-year-old company director charged with the murder of Mrs. Olive Durand-Deacon, rich, elderly widow who disappeared from her London hotel.

"SCANDALOUS" CASE

Lord Chief Justice Goddard said "there never has been a case approaching such gravity as this. It is of a scandalous and wicked character."

At an earlier hearing the judge said The Daily Mirror had alleged that Haigh was guilty of "murder after murder."

"With a man held on one murder, the most horrifying details are given of other murders which are said to have been committed," he declared.

Sir Valentine Holmes, appearing for the editor and proprietors, said he desired to repeat on behalf of the proprietors what he had said previously for Bolan.

At the last hearing Sir Valentine expressed the editor's "sincere and unqualified regret" for "his grave error."

TAKEN INTO CUSTODY

After the hearing today Bolan was taken into custody.

Lord Goddard said The Daily Mirror's article "violated every principle of justice and fair play."

It is not an error of judgment, but a "matter of policy pandering to sensationalism for the purpose of increasing circulation."

He added this warning to the company (The Daily Mirror Newspapers Limited): "Let the directors beware; they now know the conduct of which their employees are capable. If again they venture to publish such matters as this they may find the arm of this court is long enough to reach them."

The directors of The Daily Mirror Company, whose names are generally unknown in British newspaper circles, were not named in court.

Haigh, meanwhile, appeared in court today and was remanded until April 1 on the charge of having murdered Mrs. Durand-Deacon.

## *Youth Saved After Heart Stops Beating*

CHICAGO, March 25 (AP).—Two surgeons announced today revival of a 16-year-old youth 40 minutes after his heart action stopped completely.

An American Medical Association source said he believed the instance was the longest known heart stoppage on record to be followed by successful resuscitation.

Reporting in the A.M.A. Journal, Dr. Arthur S. Stouroff and Dr. Milton H. Adelman, said the youth's heart failed during a lung operation in Mt. Sinai Hospital, New York, January 16, 1948.

Dr. Touroff immediately began to massage the heart with his hands. Adrenalin and blood were given to the patient. Artificial respiration was maintained with 100 per cent oxygen administered through the anaesthetic apparatus.

During the long period of heart failure, the doctors said, the patient breathed in gasps at irregular intervals, but when heart massage was stopped for an instant there were only a few feeble, ineffectual contractions noticed. A strong heart beat was resumed unexpectedly, just as the doctors prepared to operate on the organ.

# Public Must Be Taught Truth of Communism

*Interpreting the News*

By J. M. ROBERTS, JR.
A.P. Foreign Affairs Analyst

The American people, through testimony at the New York conspiracy trial and the spy activity report of the House un-American Activities Committee, have been getting a good look this week at the theories and methods of Communist infiltration.

Neither source provides anything particularly new to students of Communist activity, but they do serve to boil it down for better public consumption.

The report on spy activity follows closely the pattern revealed in Canada in 1946—foreign spies, Russian officials, using native Communists or fellow travelers in a story-book fashion which was, nonetheless, highly practical.

THEORY AND PRACTICE

Early evidence at the trial refers to both the theory and practice of revolution in the United States; to the necessity for climaxing infiltration by use of force. The goal, as quoted from written records, is a Soviet Socialist Republic, to be attained through such weapons as poison gas and "only by the use of the Red Army."

The House committee in its report says one thing that should be done about espionage is for all patriotic Americans to report any suspicious activities to the F.B.I., army or navy intelligence, local police or the committee itself.

This is a frightening thing, when one considers all the false accusations which could come about if there were to be a wave of seeing things under the bed. Without a clear definition of acts which are subject to legitimate suspicion, the wave of hysteria might put flying saucers and men from Mars in the shade.

TO GUIDE TEACHERS

This same consideration will have a bearing on the effectiveness of the National Education Association's newly announced plan to guide teachers and implement United States foreign policy through shifts in the nation's educational program.

The ability to recognize danger when it really exists is a critical requirement in an ideological conflict.

Beneath all their lurid activities the first objective of the fifth columnists is to obtain a hold on community leaders or people with qualities of leadership.

Very frequently, in cases where they succeed, the people have no subversive intent themselves, are intent on doing good, and often they are crackpots. Skillfully guided by experts, their sincere principles begin to guard the community. They "know better" than the majority about war and peace, human welfare and the like. A Communist tutor easily convinces them of the "nobility" of the Russian experiment. Efforts to subvert school teachers, youth organizations and, perhaps, actualy syping, are by then easy steps.

HARD TO TELL

It is often difficult to separate these people from the perfectly level-headed community workers whom the Communists make such a show of helping.

Congress and the Library of Congress have published numerous factual works on Communist activity and methods here and abroad. But they are not widely enough distributed. If the people are to be set on the trail of Communism they must know not only what it is, but also what it is not. Otherwise, amateurs and grudge bearers can give us an awful bad time.

## Seeks Arrest Of Dalskog On Fund Issue

VANCOUVER, March 25 (CP).—A. T. R. Campbell, counsel for the International Woodworkers of America (C.I.O.) today sought court permission for the arrest of Ernie Dalskog, former president of the I.W.A. in British Columbia.

Mr. Campbell seeks a writ of attachment from the B.C. Supreme Court, charging Dalskog with nonpayment of $130,000 to a court receiver.

In a statement filed in court today, the I.W.A. counsel also accused Dalskog of "contempt" of a Supreme Court order of October 4, 1948, which had ordered him to turn over union funds to the receiver.

On October 3 Dalskog and Harold Pritchett, then B.C. vice-president of the I.W.A., led a revolt in the union and formed the Woodworkers' Industrial Union of Canada. Pritchett is president of the rebel union.

A Supreme Court order, appointing the district registrar as receiver for all B.C. I.W.A. funds, directed all money and property be turned over to the receiver.

The $130,000, it is alleged, was collected as an I.W.A. strike fund under the direction of Dalskog.

"Dalskog has told me he still has the money under his control," said Mr. Campbell. "He refuses to turn it over to the receiver."

Hearing on the Campbell application for detention of Dalskog will be held in Supreme Court April 1.

Arrangements were made for sending a second C.A.R.E. parcel to Europe. Miss K. Stewart's circle will be in charge of the April meeting.

## *Piano-Duo and Audience Exchange Compliments*

"A particularly sympathetic audience, for whom it was a pleasure to play," was the compliment paid to Victoria last evening by the duo-pianists Ethel Bartlett and Rae Robertson, at the conclusion of their concert at the Royal Victoria Theatre.

BARTLETT AND ROBERTSON

It was a most satisfying evening of music. The artists allowed nothing to come between the music and the listener, and perhaps the greatest tribute to their outstanding musicianship was the complete silence which followed their Bach group, given as an extra. They played "Sheep May Safely Graze," arranged for two pianos by Mary Howe of Washington, D.C., especially for this team, and the chorale "Jesu, Joy of Man's Desiring," arranged by Elsie Horne, with a sincerity and reverence which made a perfect ending to a long and varied program.

SIMPLE APPROACH

For their first number, they presented air with Variations, "The Harmonious Blacksmith" by Handel, arranged by Easdale. While the two instruments were so completely synchronised as to timing as to sound like one, there was no hint of technique overshadowing artistry. Miss Bartlett particularly has fascinating hands and fingers, which seem to caress the keys in the pianissimo passages, while the forte passages were full of reserve power and strength. The artists complement each other fully, both playing with a simplicity of approach and a lack of piano mannerisms that was particularly pleasing in duo-piano playing.

The Mozart "Sonata in D Major," second number on the first part of the program, was beautifully shaded. The second movement especially was lovely in texture, with the strength underlying the poetic quality of this composer fully realised.

TWICE FAVORITE

Of the "Variations on a theme of Haydn" by Brahms, Miss Bartlett remarked after the concert that it was one of the first big numbers they had ever played together, and was a favorite with them. So, too, it was with the audience last evening, who repeatedly encored it. As extras, Debussy's "Clare de Lune" was played with limpid clarity and delicacy, and a gay little Gluck "Chavotte" had the listeners almost foot-tapping.

Highlight of the second part of the program was their own arrangement of "The Lover and the Nightingale," by Granados. Percy Grainger's "Handel in the Strand," a lovely Saint-Saens etude, "Summer Wind," and Strauss' "Fledermaus Waltzes" were also most artistically presented.

In response to repeated and prolonged applause, they played Arthur Benjamin's "Jamaican Rumba" and "Flight of the Bumblebee," by Rimsky-Korsakov. Then, by request, came the concluding Bach group, perfect both musically and spiritually. The audience was really sorry that the program was ended, so completely satisfying had it been.

## Junior Chapter To Hold Dance

At a meeting of Thunderbird Squadron (Junior) Chapter, I.O.D.E., held in headquarters on Tuesday with Mrs. A. H. C. Phipps presiding, plans were made to hold a co-ed dance on April 1 at the Newstead Realty Hall, Fort Street.

Miss Valeria Cameron, convener, reported there will be a number of novelty dances and an April Fool King and Queen will be chosen.

Miss Marily McLeod was appointed assistant secretary. Mrs. Phipps was appointed the chapter's delegate to attend the provincial annual meeting to be held in Vancouver.

## *Hold Hard Times Dance, Parksville*

PARKSVILLE — A hard-time St. Patrick's dance sponsored by the Parksville Badminton Club was a great success, attracting a crowd of well over 400 persons. Committee members under the leadership of Philip Bass spared no effort to make the evening enjoyable. The hall was decorated with St. Patrick motifs and gay balloons, and sprightly Irish music was supplied by "Red" Pimlott's orchestra from Port Alberni. Prizes for best hard-time costumes were won by Miss Jenny Burgoyne, Miss Mildred Marks, Mr. J. Sinkora and Mr. D. Stobart. Door prizes were won by Mr. R. Hobby and Mr. A. Van Horne. Judging the costumes were Mrs. D. Nash, Mr. J. B. Washington and Mr. J. E. Kingsley. Committee members were Mrs. J. Moore, Miss Elsie Hollett, Miss Vivian Sheldrake, Mr. E. Knight and Mr. J. Leakey. M.C. was Mr. T. Tryon. Half of the proceeds will go to the Community Hall Building Fund.

## *Britain Helps Poor Children*

Britain has raised more than $3,320,000 to help children throughout the world. The fund was opened a year ago by the Lord Mayor of London for the United Nations Appeal for Children, with strong Government support. Mr. Bevin Britain's Foreign Secretary took a great interest in its progress.

Contributions included $400,000 given by the Government, but the rest came from all parts of Britain from people of every class and creed. Boys and girls in schools in Britain organized collections to help children who had gone through the worst tragedies of war.

Parts of the money has been used for buying leather for shoes and $300,000 was spent on penicillin and other medical supplies. 400,000 children who are suffering and destitute as a result of the war are being given a Winter suit, a pair of shoes and an overcoat or blanket.

Some money has gone to UNESCO and is used for buying educational supplies and books. Grants are being made to help the work of educational voluntary societies in Britain working overseas for the relief of suffering and destitution among children in all parts of the world. Five per cent was allocated to those helping child refugees in the Middle East, Greece and Germany. $116,000 will provide funds for children to visit Britain and will also make it possible for students from Germany, Austria, Greece and Italy to take training courses there.

## Engagements

Dr. and Mrs. W. E. Bavis, of 1442 Elford St., wish to announce the engagement of their daughter, May Butcher, to Mr. Douglas Russell, son of Mr. and Mrs. A. Russell, of 2235 Howe St. Wedding will take place next month.

Announcing the engagement of Margaret Rennie, only daughter of Mr. J. S. Hall and the late Mrs. Hall, 334 Irving Road, to Mr. John W. Bell, son of the late Mr. and Mrs. Bell, 148 Government Street, Victoria. The wedding will take place in St. Andrew's Presbyterian Church on Friday, April 22, at 8 p.m., Rev. J. L. W. McLean officiating.

Announcements to appear under this heading will be accepted at The Colonist Advertising Department. Minimum charge $1.50 for 10 lines and 15c for each additional line.

## "Battle of Beauty" to Be Staged Between Winnipeg and Vancouver

VANCOUVER, March. 25 (CP). — It's a battle—but what a battle! The "battle of the powder puffs" shapes up to be a lovely war.

Beautiful girls will be the battlers —dazzling smiles, sparkling eyes, ruby lips and delightful shapes the weapons.

The first salvos already were fired today.

Winnipeg, which for years has stuck its neck out about its native pulchritude, claiming the "most beautiful girls in Canada," came under fire from Vancouver.

Harry Duker, president of the Vancouver Communities Council, irked by Winnipeg's claims, squared off at Winnipeg's associated community clubs.

This telegram went East:

"Don't brag . . . you have more snow, more cold, more heat, more flat land, but you won't know what real beauty is till you see the lovely girls grown in Vancouver, in Canada's evergreen playground.

"Our community queen will challenge your queen in a beauty contest on the beautiful shores of the blue Pacific."

Back came a snappy reply from C. F. Greene, secretary of Winnipeg's Associated Community Clubs:

"Yes, we have more snow, more heat, more wide open spaces and more beautiful girls than you have on the for-shrouded shores of the Pacific.

"If you think your beauties are more lovely than Winnipeg's queen, send them along to Winnipeg's 75th anniversary celebration June 6 to 12, where a true beauty contest can be held in the sunshine on the green lawns of picturesque Assiniboine Park."

That's how it stands. Says Duker: "We'll show Winnipeg!"

Said a displaced Winnipegger: "Oh, Yeah?"

## *Twenty-Seven Nurses Attend Annual Meeting in Nanaimo*

The annual meeting of the Vancouver Island District R.N.A. of British Columbia which took place at the Nurses' Residence, Nanaimo Indian Hospital, on Thursday, brought together about 60 members and delegates from six chapters from Victoria to Alberni. Twenty-seven members of the Victoria Chapter traveled to Nanaimo by chartered bus.

At the conclusion of the reports of chapters and discussion, election of officers took place, the following being elected: Sister Mary Claire, Victoria, president; Miss Laverne Steel, Port Alberni, first vice-president; Mrs. A. Quayle, Victoria, secretary; Miss R. Laird, Port Alberni, treasurer. Conveners of committees are Mrs. Rogers, Nanaimo, institutional; Miss E. Fairbank, Duncan, public health; Miss V. Aldred, Nanaimo, private duty; Miss M. Ledoux, Victoria, Canadian Nurse. Sister Mary Claire, Miss M. Fletcher, Duncan, and Mrs. F. Macdonald, Victoria, were elected councillors.

An educational film was shown by the Saanich Public Health nurses. This was followed by a social hour.

## *Talk on Linoleum Given at Meeting*

Mrs. C. Douglas gave an interesting talk on linoleum, its uses and care at a program meeting of Brentwood Women's Institute held in the hall on Tuesday. Mrs. R. Ronson, vice-president, was in the chair.

The committee in charge of the last card party reported that nine tables were in play. The conveners were Mrs. R. Ronson, Mrs. G. V. Williams, Mrs. H. D. Patterson and Miss D. M. Worthington. A bridge and 500 card party will be held in the hall on April 1, commencing at 8 p.m.

It was reported that a 200-pound food parcel had been sent to the adopted Institute in Beckford, Glos.

In reply to a questionnaire, the members approved the method of selling Institute crafts on consignment to private enterprise until such time as the number of Women's Institutes' collective crafts warrant operating a craft centre.

WOLF CUBS' SALE

A home-cooking and handicraft stall, under the sponsorship of the Ganges Wolf Cubs, will be held at 1:30 on Saturday, March 26, in Mount Bros.' store. All articles for sale have been made by the local pack, under the instruction of their Cub master, Mr. Evans Walter, and assistant Cub master, Capt. V. C. Best. The local Cubs now number about 30.

ANSWER TO YESTERDAY'S PUZZLE

# According to Culbertson - - -

(Copyright, 1948, by Ely Culbertson)

It is hard to say, concerning today's deal, whether West deserved great credit, or whether it was simply that South deserved great discredit.

North, dealer.
Both sides vulnerable.

NORTH
♠ A K 8
♥ K 10 9 7 3
♦ 10
♣ Q 6 5 4

WEST
♠ J 10 7 4
♥ 6 2
♦ K 9 5 3
♣ A K 10

EAST
♠ 9 6 2
♥ Q J 8 5 4
♦ J
♣ J 9 7 3

SOUTH
♠ Q 8 3
♥ A
♦ A Q 8 7 6 4 2
♣ 8 2

This hand occurred in recent Vanderbilt Team-of-Four Tournament. One North-South pair reached an easily made three diamonds for a plus score of 110 points, while the bidding at the other table went:

| North | East | South | West |
|---|---|---|---|
| 1 ♥ | Pass | 2 ♦ | Pass |
| 2 ♥ | Pass | 3 N.T. | Pass |
| Pass | Pass | | |

South's leap to three no trump was nothing if not aggressive.

West opened his lowest spade. This was won in dummy and declarer then led the diamond ten. East covered with the blank jack, South finessed and lost to West's king.

West continued with spades, hoping against hope to find his partner with the queen. Declarer, however, won the trick with that card, cashed the diamond ace, and then knocked out West's second diamond stopper.

At this point it was perfectly apparent to West that nothing but heroic measures could save his side. He could count declarer for five sure diamond tricks and three spades, and he could also see that South could not conceivably have made his jump bid in no trump without the heart ace. Thus, it was clearly hopeless for West to go on with spades, because by the time he established a trick in the suit, declarer would have at least nine tricks.

There was only one hope, and, slim as it was, West acted on it. He led the club ten.

Exactly how declarer hoped to avoid the loss of three club tricks by ducking in dummy is hard to fathom, but perhaps he did not even consider the possibility that both the ace and king might lie in front of the queen. In any case, he did play low, and thereupon West coolly cashed the two top clubs, defeating the contract.

# Thomas King To Retire As Legislator

Thomas King, veteran Coalition member from Columbia, has told his constituents he will not stand for re-election when they meet soon to nominate a candidate.

He stated he would like to see a younger man take his place. A general merchant of Golden, Mr. King was first elected to the Legislature as a Liberal 18 years ago. He will celebrate his 70th birthday next September 5.

He went to Golden from Angus, Ont., where he was born, before the turn of the century.

**WON RESPECT**

In 1931 he was elected by acclamation to the Legislature. He was re-elected at a by-election three years later, and was victorious again in general elections in 1937, 1941 and 1945.

He has served on many important committees during his 18 years in the Legislature. His prowess on the House floor and his soundness of judgment have won the respect of both Government and Opposition members.

# How It Started

By JEAN NEWTON

**"LIBERTY HALL"**

The correspondent inquiring for the origin of the expression "Liberty Hall" asks if it started during the American Revolution.

The first recorded use of "Liberty Hall"—and the words then had the same meaning they hold for us today, namely a place where one can say and do as he pleases, without fear of restraint—does indeed date 1718. But there is a surprise in store in the history of the expression.

Although the saying's birth was contemporaneous with the historic seething of men's demand for liberty and the great eruption of this on our shores, its origin was on the other side of the water.

The source of "Liberty Hall" is in the play, "She Stoops to Conquer," by Oliver Goldsmith. This is the dialogue in which the word occured:

"This is Liberty-hall, gentlemen. You may do just as you please here."

# San Francisco Extends Bid To Pipe Band

The Victoria Girls' Pipe Band has been extended an invitation to take part in the Gold Rush Centennial Celebrations to be held in San Francisco from September 9 to 20, Thomas Chalmer, manager of the pipe band, stated yesterday.

He is seeking the financial aid which would permit the girls to make the trip.

"We look forward to their visit to San Francisco," Barney Gould, managing director of San Francisco's Centennial Committee, stated in extending the invitation.

Alderman Charles F. Banfield, trustee and patron of the Victoria Girls' Pipe Band, said it would be "a wonderful opportunity" for Victoria to advertise itself through such a "tour of goodwill."

Last year the band took part in 30 celebration events, including Victoria's May 24 celebrations and the Portland Rose Festival.

# Finance—Commerce—Markets

## New York Stocks

NEW YORK, March 25 (AP).—Selling pressure pushed stock prices lower again. The decline followed a two-day rise, although demand faded in Thursday's late market. Fractional losses were the rule, with a few extending to a point or so. Many issues remained at Thursday's closing levels.

## London Market

LONDON, March 25 (Reuters).—Speculative interest in Brazilian rails and utilities was aroused by a report that the Leopoldina Company is to receive £10,000,000 compensation on take-over by the Brazilian Government. Buyers rushed in as the market opened, and gains of several points were recorded in most issues.

MONTREAL, March 25 (CP).—Trading was at a near standstill on the bond market, although a firm undertone continued in evidence. New Brunswick long-term issues were sole ground gainers, up a minor fraction. No other changes were reported.

## Vancouver Stocks

VANCOUVER, March 25 (CP).—Oils made a slight comeback during light trading in the afternoon session of the Vancouver Stock Exchange. Mines and industrials were firm, and traded much more slowly than oils.

## Winnipeg Grain

WINNIPEG, March 25 (CP).—Oats and barley futures prices moved in a narrow fractional range in dull trading on the Winnipeg Grain Exchange. Modest shipper and mill demand came into oats, while routine shipper buying supported barley. This demand absorbed offerings in the form of elevator hedging sales. Rye attracted some light American buying orders.

## Physical Conditions Cause Mental Symptoms

By DR. J. B. WARREN

When a patient begins to show signs of odd mental behavior the physician knowing the patient and his family is usually able to prevent him from becoming an inmate of a mental institution. He first gives him a thorough physical examination because infection—teeth, gums, tonsils, sinuses, gallbladder, large intestine—can all affect the mind and the emotions. If no infection is present, the physician tries to find what is on the patient's mind—worry or conflict—and is often able to explain why the conflict causes the symptoms.

## Cripps' Policy On Trade Hit

TORONTO, March 25 (CP).—John A. March, general manager of the Canadian Exporters' Association, declared in an address tonight to the Canadian Credit Men's Association that one-half the world, led by Sir Stafford Cripps, has moved back the clock of progress by barter trading or state trading.

"Curiously enough," he said, "Britain has, up through the years, preached a doctrine of freer trade. She still is giving lip service to it; but actually is practising the opposite as instanced by the 30 or more bilateral deals with countries of Northern Europe on a barter basis.

"Buying Swedish newsprint at $171 a ton when she could buy it from Canada for less than $100 just does not make sense even though in return she is charging Sweden 1¾ times as much for finished products as the competitive market would justify in Canada.

"This course is driving the pound sterling and the dollar farther and farther apart."

# At the Theatres

**ATLAS THEATRE** Besides the two stars, Jane Wyman and Lew Ayres, Warner Bros. acclaimed drama, "Johnny Belinda," has a cast sparked with interesting names. Charles Bickford and Agnes Moorehead are prominent in support of the starring duo. Jean Negulesco directed.

**OAK BAY THEATRE** Dan Dailey, who created a sensation with his performance opposite Betty Grable in "Mother Wore Tights," is currently starred in "Give My Regards to Broadway," the new Twentieth Century-Fox Technicolor hit now playing at the Oak Bay Theatre.

**PLAZA THEATRE** First of a series of films about the Huggett family, Gainsborough's "Here Come the Huggetts" is an outstanding portrayal of the British way of life and one of the most enjoyable films of the year.

**DOMINION THEATRE** Fabulous grandeur, sensational conflicts, thrilling suspense and dramatic romances are combined in the double billed program of Merian C. Cooper's impressive production of H. Rider Haggard's "She," featuring Randolph Scott, Helen Gahagan and Nigel Bruce, and the spectacular "The Last Days of Pompeii," featuring Preston Foster, Alan Hale and Basil Rathbone.

**CAPITOL THEATRE** Romance, music, drama and laughs accent Warner Bros.' new technicolor musical "One Sunday Afternoon," starring Dennis Morgan, Dorothy Malone, Don Defore and Janis Page. Raoul Walsh directed this film, which is from the James B. Hagan stage hit which won popular acclaim when it first hit the Broadway boards.

**ROYAL THEATRE** Lovely Hedy Lamarr stars with Robert Cummings in the Eagle Lion Films release, "Let's Live a Little," sparkling romantic comedy now at the Royal Theatre.

The time used is Pacific Standard for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table the tide rises or falls continuously during two successive tidal periods without turning.

# Rent Officer Browbeaten Senate Committee Told

OTTAWA, March 25 (CP).—The Senate Banking Committee, considering the Omnibus Controls Bill, was told by one of its members today that it had "browbeaten" a rentals official from the time he sat down to testify.

The statement was made by Senator Arthur Roebuck (L., Ontario) towards the end of questioning of W. F. Spence, deputy rentals administrator of the Prices Board. The committe later approved the bill which embodies controls on rents, steel, timber and a few prices.

Mr. Spence testified, among other things, that there has been a reversal of the positions of the two main purposes for rent controls—maintenance of ceilings and security of tenure.

Formerly, he said, security of tenure was the prop for maintenance of the ceilings which were designed to prevent the inflationary process of having tenants bidding "against their fellows." Now, it is the other way around; the ceilings were the prop for security of tenure.

**SEVERAL CASES**

Senator Roebuck first protested during questioning by Senator W. H. McGuire (L., Ontario), who cited several cases in which, he said, the owners of homes were in impoverished condition while their tenants were actually making money on their homes by sub-letting parts of them.

Senator McGuire maintained that the board was set up to consider the convenience of the tenant at the expense of the owner. He advocated appeal to a judge instead of to "some official" who was more concerned with "keeping people in than getting them out."

Mr. Spence said that was "hardly fair to my staff," and Senator Roebuck objected that he had always found the rentals officials "capable and courteous." His other statement came after more questioning by Senator McGuire, Senator John T. Haig, Progressive Conservative leader, and others.

Senator Haig pressed for removal of controls on high-priced houses, suggesting $8,000 as the ceiling. Mr. Spence said it would be very difficult. Rent ceilings had nothingg to do with replacement value of a home; they were based on rentals in the area at that time.

He predicted "dire results" if Senator Haig's suggestion was met.

**EROSION PROBLEM**

RODNEY, Ont. (CP).—The receding shoreline at Port Glasgow Park has been a problem since the park has been in operation. Much of the land is slowly slipping into Lake Erie and several cottages have been moved back. Recently work was started on breakwaters.

COBALT, Ont. (CP).—With $7,000 already in the treasury from socials and parties held over recent months, the drive to raise funds for a new arena here has been officially launched. The subscription campaign has an objective of $35,000.

# And the Walls Came Tumbling

By JOSEPH McCORD

CAPTER XII

"I don't expect you to understand that, when I didn't myself," Chester assured Carol when she made no reply to the startling admission that he hadn't wanted her to share her father's newly acquired wealth.

"And I'm sure I do not," she answered. Her words carried a faint suggestion that perhaps it was not important after all. But she noticed that the speed of the car had slackened. Evidently an explanation was forthcoming and there was a grim resolution in Dennison's next words.

"That evening I first talked to your father, he told me he was more interested in the money on your account than his own. I must admit that I was bowled over when I found you were Mr. Delaine's daughter. I was prepared not to like him under the circumstances, but you . . . You aren't the sort of person anyone could dislike. I'm not doing so very well, am I?"

"It all seems rather unnecessary."

"It would. But it's part of the discovery I was telling you of. When I came up to your office the second afternoon, I had already given Mr. Delaine his money. I was positive that you knew all about it. I admit I wanted to know what your reaction was . . . same as I did that day I gave you a lift home. I made a perfect goon of myself then and it should have been enough. Undeniable curiosity on my part of course."

"It seems too bad you weren't rewarded."

"But I was!" He thumped on the wheel with his fist for emphasis. "I had a little opportunity to visit with you and my fears were confirmed."

"Fears? About me?"

"Yes. I told you it didn't make sense. But may I try to explain?"

"I can't very well refuse. But it still sounds absurd."

"It is. There was something so very genuine and real about you . . . I don't know how to say it. But I felt it. And then you told me that if you were rich that you'd like to see life after living all these years in Jericho . . . you said travel, I know. But it wasn't just what you said. It was the way you looked when you said it. And you didn't know that you were right on the brink of your dream. I guess—I guess I was a little afraid of what it might do to you. I didn't want to see you changed from what you are."

"I remember you did say something about good little girls."

Carol said it lightly, trying to conceal the effect of his words. He was right when he said it didn't make sense. It didn't. It left her feeling exceedingly self-conscious. No one ever had talked to her like that and, after all, Mr. Dennison was a comparative stranger.

"You think of everything," he admitted. "And what must you think of me?"

"I don't exactly know what to think of you."

"Well, there is one place we do meet on common ground. I don't either. I'd say as a rule I don't meddle much in other people's affairs and that is the discovery I was trying to tell you about. Why do you suppose I'm that way . . . sign of age or something?"

"I don't think there is any good reason."

"Probably not." He uttered a rueful little laugh. "And none at all for trying to worrying you with it. But you were kind to listen. Our lawyer friend lives along here somewhere." They were on Centertown's main residential street now. "I'm just going to the door and leave some papers," Dennison explained again. "I wonder if I may ask one more favor of you, while I'm unburdening myself."

"Yes."

"In spite of the bad start I've made, I'd like very much to be . . . a friend to you and your father, too. May I be? So far as you are concerned?"

"I know of no reason why we can't be friends. I won't answer for Andy . . . I mean my father."

"Do you call him 'Andy'?"

"I have for a long time. He wanted me to. It seems natural, now."

"I like that. Well, here we are."

Leaning back in the corner of the seat Carol watched the tall, broad-shouldered figure of her companion stride up the walk to the front door of the house before which he had parked. She was deeply puzzled about the things he had said and wondered why his words had not brought some feeling of elation. He hadn't disguised the fact that he was interested in her and must have been since their first meeting. Perhaps she should be thrilled over it. But she wasn't. It must have been the way he had tried to explain his feelings. She might easily have been affronted by his manner. But she wasn't. He seemed perfectly sincere. and yet—.

A woman had opened the house door. Mr. Dennison merely tipped his hat, extended an envelope, and now he was coming back to the car.

To Carol's unbounded relief he appeared to consider his first topic of conversation as finished business and chatted entertainly of other matters. He made no apparent effort to enlighten her about his past, but Carol learned that his home, until he finished at Tech, always had been, in Boston. His father, a physician, was dead. His mother and two older sisters still lived in the family home.

## A HOLLOW LOG NURSERY

If you were just a little Mink
It's probable that you would think
A hollow log a home as grand
As any home within the land.

Anyway it would suit you better than any other home. That is, of course, if you were a Mink. This is exactly the kind of a home that Billy Mink had provided for his family. I suppose that to be strictly truthful I should have said that Mrs. Billy had provided it. It really was her choice, though I fancy she had allowed Billy to think that it was his.

"Billy," said she, "come and see the hollow log."

It was very cunningly hidden, was that home of Billy Mink's. It was so cunningly hidden that it was really no trouble at all to keep it a secret; and a secret it was; as you and I and Peter Rabbit know. In fact, not one of Billy's neighbors had the least idea where it was. They didn't know whether it was up the Laughing Brook, or down the Laughing Brook, and they never could tell from watching Billy or Mrs. Billy. As a matter of fact, it was up the Laughing Brook, almost up to the pond of Paddy the Beaver.

Just below where the Laughing Brook made a little splashing waterfall was a quiet pool in which trout love to live, and just a few steps back from this little pool was the thick, brushy top of a fallen tree in which a great amount of rubbish had collected—sticks and leaves brough down by the Laughing Brook when it was out of its banks in the early Spring. Underneath all this was a hollow log, a perfectly splendid hollow log, open at the end toward the Laughing Brook, warm and dry, and with plenty of room inside. Mrs. Billy's sharp eyes had snapped joyously the very first time she had seen it. She had been up and down the whole length of the Laughing Brook and even over along the bank of the Big River into which the Laughing Brook flows, and she knew that nowhere else was there anything to compare with this hollow log for a home.

"Billy," said she, "come see this old hollow log."

Billy came at once and as soon as he saw it he declared that it was the very place for their home. The more he examined it, inside and out, the more enthusiastic he grew, until in the end, you would have supposed that he had discovered it himself. Mrs. Billy said nothing, but quietly went ahead and made a cosy, comfortable bed in the farther end of the hollow log, and so the matter was settled. There she spent most of her time when she wasn't out fishing or hunting for frogs or trying to catch a bird by way of change of fare.

Then one never-to-be-forgotten morning when Billy poked his head in to see why she didn't come out to go fishing with him, he found a splendid surprise awaiting him. Mrs. Billy was not alone. No, sir, she was not alone. There were five tiny babies there, five little, helpless mites whose eyes were not yet open and wouldn't be for some time. The old hollow log had become a nursery! Mrs. Billy allowed him no more than a glimpse of them, and then sent him about his business. He went. There was something about Mrs. Billy that warned him that it was best for him to do as he was told. But he didn't go far. He was so puffed up with pride that he couldn't bear to even think of going far out of sight of that old treetop under which was the hollow log. It had become the most wonderful and important place in the whole Great World.

Next Story: Hollow log play day.

# Signs of Age Rise Rapidly After 40 Mark

NEW YORK, March 25 (AP).—For more than half of you who read this, the second 40 years of life has started.

You may be in your prime, or past it, but either way, what you are in the latter second 40's will depend on how you read certain signs.

Seven of these are described by Dr. Edward J. Stieglitz of Washington in a report to a laboratories conference on aging.

The first sign is reaction time. When you are injured, whether by germs or autos, your body reacts less rapidly and less vigorously. Possibly nothing much appears to be wrong. You may wait too long before consulting a doctor.

Second sign: The body repairs itself more slowly. Convalescences are likely to be prolonged.

Third sign: From ages eight to 80, temperature, pulse rate, sugar, protein, calcium and chlorine in the blood are about the same. But after 40 there is a drop in the body's ability to maintain this constancy. So you lose some of your ability "to take it."

Fourth sign: Weight. It becomes more important to get your weight to the right level.

Fifth sign: There is a change in the effects of some of the drugs you may take. Barbiturates, the common sleeping pills, are likely to confuse and excite the aged, to cause forgetfulness, unsteadiness and fears. On the other hand, ability to stand opium and alcohol may increase. Dr. Stieglitz says that alcohol in moderation is extremely useful in management of the aged.

GRADUAL CHANGE

Sixth sign: Don't insist upon abrupt changes in habits. These are the habits of thinking, eating, smoking, sleeping, exercise and alcohol. Modify these habits slowly and gradually.

Seventh sign: Chronic illness progresses more slowly in its inroads. This, says Dr. Stieglitz, is the one item on the credit side of the ledger.

Most of these signs have something to do with chronic illnesses. The chronic diseases kill 60 per cent of all people, both young and old. They rise sharply after 40.

# Daily Astrology

By RITA DEL MAR

For Saturday, March 26, 1949

Today's Quotation: "Experience is not what happens to a man. It is what a man does with what happens to him."—Aldous Huxley.

Saturday for everyone: Catch up with odds and ends of tasks that have been accumulating; solve problems and/or gain sufficient rest during the daytime. Evening: Enjoy some subdued form of pleasure.

Look for your birthdate and birth-sign below.

March 21 to April 19—(Aries)—Be patient, persistent, to make headway with the difficulties that may confront you.

April 20 to May 20—(Taurus)—Don't be indifferent to dear ones, older folk; take time out to handle matters of long-standing.

May 21 to June 20—(Gemini)—Attend to vocational interests, duties, monetary commitments. Use tact with mature persons.

June 21 to July 22—(Cancer)—Give your full attention to words, writings of others; put their concepts to use. Shun anxiety.

July 23 to August 22—(Leo)—Collect sums due you. Don't let spirits droop if congenial activity lags; keep confidences.

August 23 to September 22—(Virgo)—Give the spotlight to others. Conserve funds; pass up so-called bargains.

September 23 to October 22—(Libra)—Take some forward steps despite remands of chores. Be content to accept second place today.

October 23 to November 21—(Scorpio)—Spend your leisure time in the enjoyment of pet diversions; "lay low" on the social front till mid-afternoon.

November 22 to December 21—(Sagittarius)—Give the day over to quiet relaxation at your domicile or with kin. Put affairs in order.

December 22 to January 19—(Capricorn)—Hold festive or romantic pursuits in abeyance till late afternoon; take up more vital considerations first.

January 20 to February 18—(Aquarius)—Devote further thought to your budget, possessions. Move nimbly to make gains by afternoon.

February 19 to March 20—(Pisces)—Head off problems, weariness; strike a note of accord with older folk.

Planning Ahead—Good for sociability, entertaining, etc.: March 31; April 3, 11, 16 and 17.

## Victoria Appeals Protest Decision

### "Y" Asks B. C. Basketball Association To Rule on Thrown-Out Fourth Game

Manager Dennis Humphries and Coach Doug Peden burned the midnight oil last night as they drafted an appeal to the British Columbia Basketball Association of the decision of the Vancouver Island Basketball Association which allowed the Alberni protest on the fourth game of the Island senior "A" men's final between Alberni Athletics and Victoria Y.M.C.A. The game was won by Victoria, 44-43, deadlocking the series at 2-2. The "Y" subsequently routed the Athletics in the fifth game but the series remains officially deadlocked until the British Columbia [illegible] rules on the protest.

Albernia's protest was based on a broken hoop. The Up-Islanders contended they were at a disadvantage in having to shoot into the defective hoop and that the delay caused by half-time repairs disrupted their strategy of "tiring" the older Victoria team.

GOOD ARGUMENTS

Humphries and Peden declined to state the points on which they were basing their appeal but the "Y" club has several solid reasons for feeling that Island body was in error in upholding the Alberni protest.

It is likely that the appeal will point out that the baskets were examined before the game and found to be in perfect condition; that no Alberni protest was made during the first half of the game although Alberni claimed that it had to shoot at a broken hoop for "most" of the first half, that the referees were not consulted before a decision was [illegible], that only one side of the case was presented, [illegible] the telegraphic vote was taken in such a manner that delegates could not possibly have had a clear [illegible] of the case, and that the second part of the protest based on the delay could in no manner be considered legitimate grounds for a protest.

MAY TAKE TWO DAYS

The appeal was sent special delivery late last night to Doug Third, secretary of the British Columbia body. Tom Carson, secretary of the Victoria association, stated that the appeal will go to Harry G. Chapman, president of the B.C.A.B.A., who will appoint a committee to make a decision. Decision of this committee may not be known until Monday.

Although it is hard to predict what effect the appeal will have, experienced basketball officials are almost unanimous in their opinion that it will be granted and that the "Y" will be ruled Island champions and get the right to meet Vancouver Clover Leafs for the British Columbia title without the need of a sixth game.

However, if a sixth game should be necessary, it will be played at the Victoria High School gym next Thursday. This decision was reaffirmed yesterday by Carson, council member of the Lower Island. Carson also stated that Wilf Cain of Duncan, president of the [illegible] association, is in full agreement with the venue and date of this game.

## Pitcher Bill Makes Smart Catch in Stanley Cup Play-Off Game

Goalie Bill Durnan of Montreal Canadiens, who excels in Summer as a softball hurler and in Winter as perennial Vezina Trophy winner, is seen about to make a big-league catch of shot by Gordie Howe (9) of Detroit. Action took place during Stanley Cup game on Thursday when Canadiens defeated Detroit, 4-3, in overtime to deadlock series at one game each. Butch Bouchard (3), Canadiens' defenceman, is seen in flight at left, trying to overtake Howe.

## City Squad Leads In Women's Casaba

### Cec's U-Drive Tops Nut House in First Game For B.C. Title—Arrows Cop Junior Crown

One British Columbia basketball championship came to Victoria and another is apparently on its way as a result of games played last night at the Victoria High School gymnasium.

Cec's U-Drive, strongest Senior "A" women's squad to represent Victoria in many years, handed Vancouver Nut House, defending Canadian champions, a 45-37 defeat in the first game of a best-of-three series for the provincial championship. Second game will be played tonight with a third game if necessary, on Monday.

Cec's victory overshadowed Arrow Furniture's brilliant triumph in copping the Harding Taylor Memorial Trophy, emblematic of the provincial junior girls championship. Arrows capped a successful season by defeating North Vancouver Capilanos, 39-10, in a sudden-death final. The Victoria quintette took an 11-3 margin in the first period and held visitors scoreless until midway through the final stanza while baling up a commanding 31-3 lead.

EARNED VICTORY

Cec's were full value for their victory. The Victoria squad played a hard-driving game and threw up a strong defence that forced Nut House to do outside the long range shooting.

Individual stars were missing as the teamwork of both teams featured the game. If any player should be singled out, it would have to be Mary Castillo, veteran Victorian who took scoring honors with 14 points including six of seven converts from the foul strip, and played a strong defensive game. Rita Kaltenbach, who collapsed from exhaustion in the final minute of the game, played a driving game throughout and netted ten points for winners, a total equalled by Margaret LaLacheur.

SPARK LATE DRIVE

D. Campbell, C. Smith and J. McArthur sparked a second-half rally by Nut House that brought the visitors within four points of squaring the count. The trio accounted for the bulk of Vancouver scoring, netting ten, nine and eight points respectively.

The game opened slowly with both clubs feeling each other out and scoring was at a premium. A basket by Marion Kennedy put Cec's ahead 5-4 at the quarter, but it was winners' second period [illegible] that probably decided the game. The Victoria team outscored visitors, 14-6, to take a 19-10 edge at the interval.

Nut House showed best in the third quarter when it cut the margin to 31-26 but Cec's was again in command at the finish when it pulled away from a 37-33 count.

FOUL-LINE ACCURACY

Both clubs scored 16 field goals with the margin of victory being settled at the free throw line. Winners converted 13 to 22 gift tosses while Nut House could only manage five of 19. Cec's was called for 15 infractions and losers for 17. Line-ups follow:

Nut House—Furness, Stoddard 6, McArthur 8, Fraser 2, Campbell 10, Smith 9, Fairweather 2, McKenzie, McDermott. Total 37.

Cec's U-Drive—F. Kennedy 6, M. Kennedy 5, Kaltenbach 10, Trevelyan, LeLacheur 10, Stoltz, Castillo 14. Total 45.

North Vancouver—Fraser 2, Rennie 2, Hudson, Shrunt, Waller 4, M. Waghorn 2, J. Waghorn. Total 10.

Arrow Furniture—Sinclair 3, MacRae, Bamford, Blair 4, Best, Rodgers 19, Purich 11, Gladson, Hutton 2. Total 39.

## Soccer, Rugby, Hoopla Today's Sports Features

Today's sport program provides cup fixtures for basketball and soccer fans and the annual contest between the "Has-Beens" (Ebb Tide) and Crimson Tide for English Rugby enthusiasts.

The British Columbia senior "A" women's basketball play-off game between Vancouver Nut House and Cec's U-Drive is probably the feature event on the menu. The Vancouver quintette is defending Canadian champion and suffered a 45-37 setback in the first game of a best-of-three series for the provincial title last night. Seeking to bring the Canadian women's crown to Victoria for the first time in history, Cec's will be out to overcome their biggest hurdle and take the British Columbia championship tonight. Game time is 9 o'clock. The preliminary pits Warriors against Seattle DeMolays in an intermediate "B" boys exhibition contest at 7.30 o'clock.

CUP SOCCER MATCHES

Cup games are scheduled in all divisions in soccer. The card is featured by the Jackson Cup semi-final between Oak Bay and Canadian Legion. Oak Bay, present leaders in the senior league second-half race, is a slight favorite to defeat the Vets and gain the final berth against Esquimalt. A Fred Oliver Memorial Cup semi-final is on tap for intermediate followers with Eagles meeting Saanich Indians for the right to oppose Victoria Golds in the final next [illegible]. The Carey Cup competition for Division III juveniles will have Pacific Meat playing Tillicums at Beacon Hill at 1 p.m.

PRESENT STRONG XV

In English Rugby, the Crimson Tide will be seeking to regain the prestige it lost last year when the Ebb Tide showed it how to play. The "Has-Beens" will present a strong line-up of former "Rep" players captained by Harry Barber. Vets will be allowed unlimited substitution and will take the field as follows: Fullbacks, Tom McKeachie and Alex McDonald; threes, [illegible], Harry Olsen, Bill Halkett, Ted Smith and Len Parsons, stand-off, Barber, scrum-halves, Wally Stipe and George Langdon; forwards, Campbell Forbes, Bob Mair, Joe Andrews, [illegible], Jack Stevens, Bill Van Druten, Roger Oakley, Phil Salmon, Art Jukes, Tom Dalzell and Bill Gornall.

## *Fourth Spot Final Goal Of Rep Five*

VANCOUVER, B.C., March 25.—Victoria High School easily trimmed Coquitlam Fraser Valley champions, 41-25, here tonight in the British Columbia high school basketball championships and moved into the final round of the double-elimination tournament with a chance to finish in fourth place.

The Islanders were eliminated from championship consideration Thursday night by Prince Rupert, but under the system in vogue will be ranked fourth if they manage to down Duke of Connaught tomorrow. A loss will give them seventh place. Trapp Tech of New Westminster, eliminated Prince Rupert tonight and will meet Vancouver College for the title [illegible]. Vancouver College ousted Penticton, who now clash with Prince Rupert for third place. Losers in this battle will be ranked [illegible].

Hitting their true form for the first [illegible], the Victorians had no difficulty with Coquitlam, running up an 8-0 lead and never looking back. They led 14-4 at the quarter, 23-12 at the half, 28-20 at the end of the third quarter and came back in the last quarter to increase their margin by eight points.

Line-up: Rowe 12, Naylor 13, Acreman 6, Boyd, Parker 1, [illegible]ton, Robb, [illegible] 2, Hudson 6, Firth 1. Total—41.

## Three Victorians Reach Table Tennis Semi-Final

Steady-stroking Jim Davison, one of the better Victoria players captured the popular Senior "B" singles in straight games from Dick Chan to become the first champion of the current Western Canada Table Tennis Championships which will see all finals tonight at the Crystal Gardens.

Will Browne-Cave scored a major upset by defeating Art Barran, former champion [illegible] second-seeded player by scores of 18-21, 21-23, 21-19, 21-19, in an exciting hard-fought game. Browne-Cave meets the winner of the Art Ngai-Fred Ward match in the semis of the open singles. Top-seeded Bill Ward, of Seattle, present Washington State champion, advanced to the semis with impressive four-game wins over Art Miller of Victoria, in the [illegible] round, and high-ranking Jim Bennie of Vancouver, in the quarter-final. Eddie Ngai, youngest of the table tennis Ngais, reached the [illegible] with straight game victories over Earl Matheson of Vancouver [illegible] former city titlist, Ray Dawson. In an earlier round Dawson turned in a spectacular performance to eliminate Hugh Ward, 21-16, 16-21, 13-21, 21-19, 21-16, in one of the best matches of the tournament.

RUTH PAYNE OUSTED

[illegible] Ursic of Seattle eliminated defending champion [illegible] Payne, 21-14, 21-17, 21-23, 14-21, 21-19, to reach the finals of the women's singles. She will meet Jean Rose, present Coast champion. Mrs Rose advanced to the finals with a straight-game victory over Val Druce, who earlier eliminated Faith MacDonald in the closest match of the tourney. Favored teams advanced in the women's, men's and mixed doubles as play advanced to the semi-finals. Jim Hair, perennial veteran's champ, required four games to beat Rudy Arsic of Seattle in reaching the finals. Hugh Rose scored a hard-fought win over Victoria's veteran champion Win Robinson to reach the finals.

TONIGHT'S DRAW

7.00 p.m.—J. Rose and [illegible] Ursic vs. Val Druce and Ruth Payne; Eddie Ngai vs. Art Ngai.

7.30 p.m. — Hugh Rose vs. Jim Hair: men's doubles.

8.00 p.m.—Men's semi-final; men's semi-final.

8.30 p.m.—Mixed doubles.

9.00 p.m.—[illegible] Ursic vs. Jean Rose.

9.30 p.m.—Men's singles final.

## Uplands Draw For Club Meet

### Could Mean Pennant

JOE BLANKENSHIP

WHO set WIL record with 25 victories last year, may return to Victoria Athletics, it was reported by Business Manager Reg Patterson yesterday. With season as successful as last year, Blankenship's return could mean pennant for A's and end Patterson's search for hurler of proven ability. Patterson will leave Sunday for A's training camp to iron out difficulties over players contracts. Eric Gard of Duncan and Bill Brousseau will accompany Patterson to camp for tryout with Yankee farm clubs.

## Stranahan Turns in Great Card

GREENSBORO, N.C., March 25 (AP).—Frank Stranahan, Toledo, Ohio, millionaire's son, who annually grabs off a major golf tournament or two, took the first round in the [illegible] Greensboro Open today with a five-under-par 34-32—66.

He had to compete against a field of 150 and a steady rain that fell through the first 15 holes of his match. As a result, the 6,360-yard Starmount Forest Country Club layout was a little more than a soggy mess. His round, under those conditions, was one of the most remarkable of the Winter tour. It equalled the competitive course record.

A stroke back of him were three strong professional contenders: Defending Champion Lloyd Mangrum of Chicago, John Bulla of Pittsburgh and Johnny Palmer of [illegible], N.C.

## *Regina Caps Eliminate Cup Holders*

REGINA, March 25 (CP).—Regina Capitals tonight won the Western Canada Senior Hockey League crown by defeating Edmonton Flyers—last year's Allan Cup champions—6-3, to take the best-of-seven final series 4-0 in games with one game tied.

About 6,200 yelling fans saw the powerful Caps move into a 2-0 lead in the first period and stretch it to 5-0 in the second, only to have the desperate Flyers surge back in the last period to score three goals.

In the first two periods, Flyers rarely looked really good, the exception being the line of Alex Pringle, Freddy [illegible] and Elmer Kreller, which gave Regina Goalie Bev [illegible] a rough ride for a couple of minutes near the end of the second frame.

Red Tilson scored two goals for the Caps. Vic Myles, Joe Fisher and Sweeney Schriner added singles. Pringle was top man for Flyers with two; Clovechok scored one.

LINE-UPS

Edmonton—Woodall; Lane, McPherson; Clovechok; Bathgate, Anderson. Subs: Young, Watt, Maher, Pringle, Kreller, Smitten, Rimstad, Kilburn.

Regina—Bentley; G. Kyle, Myles; B. Kyle, McDougall, Hauck. Subs: Barnes, Fisher, Hill, Brown, Schriner, McCullough, Staseson, Tilson.

Officials—Stan Swain, Winnipeg, Danny Cox, Port Arthur.

SUMMARY

First Period—1, Regina, Tilson (Fisher, Staseson), 4:41; 2, Regina, Myles (G. Kyle), 10.34. Penalties: McPherson, Young, McCullough, Kilburn.

Second Period—3, Regina, Fisher (Barnes), 8:40; 4, Regina, Schriner (Myles), 11.50; 5, Regina, Tilson (Brown, Staseson), 13.33. Penalty, Young.

[illegible]—6, Edmonton, Pringle (Kreller, Smitten), :26; 7, Edmonton, Pringle (Kreller), 6.05; 8, Edmonton, Clovechok (Bathgate, Anderson), 9.45. Penalties: Lane 2, McDougall, Anderson.

## Gonzales, Talbert In Tennis Final

NEW YORK, March 25 (AP).—Defending Champion Billy Talbert of New York crushed Fred Kovaleski of Detroit 6-2, 6-2, 6-1, in the semi-finals of the United States indoor tennis championships tonight and will meet Richard (Pancho) Gonzales of Los Angeles for the title tomorrow.

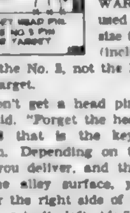

Gonzales, the top-seeded turf court titleholder, won his way to the finals by turning back former indoor champion Don McNeill of New York in the other semi-final, 4-6, 6-4, 9-7, 6-3.

## *Better Bowling*

By BILLY SIXTY

THREE'S THE TARGET: Believe it or not, a lot of bowlers are actually embarrassed when they miss the head pin to its right. Successful bowlers, however, don't mind that at all. In fact, they play for "thin hits."

Jimmy Smith, greatest strike spiller in his time and a fine instructor, said [illegible] again that too many bowlers have a head-pin complex. They [illegible] AT the No. 1 pin, instead of merely TOWARD it." Smith used to emphasize to his pupils (including me) that the No. 3, not the head pin, is the target.

"Don't get a head pin complex," he said. "Forget the head pin. It's the 3 that is the key to strike action. Depending on the type of ball you deliver, and the condition of the alley surface, you aim at either the right side of the 3, right at it, or to its left side."

If the alley runs or breaks in abruptly at the head pin, aim right at the No. 3, and if the alley is normal and you are using a straight ball delivery, shoot for the left side of the 3. With a short hook, aim smack at the No. 3 on a medium alley surface, and shoot to hit the 3 on its right side on a slow (run) alley, as the sketch shows.

Splits are tough to make, as you probably well know, and a ball driven high on the head pin almost always draws a split for you. A ball missing the head pin leaves a spare shot. And a ball that hits the head pin only lightly, as often as not, pays off with a "mixer" strike.

So follow Smith's advice on the head pin complex, and concentrate on the 3 pin!

## Wings, Canyens Set for Third Game; Reise, Lach Only Doubtful Starters

MONTREAL, March 25 (CP).—Detroit Red Wings pulled into town tonight, and Coach Tommy Ivan immediately hustled his players off to their hotel rooms to rest up after the long train ride from the Motor City.

Montreal Canadiens, who meet Detroit here tomorrow night in the third game of their best-of-seven Stanley Cup semi-final, [illegible] over in Detroit for a morning practice session today before entraining for Montreal. The Habitants won Thursday's second game 4-3 after dropping the opener 2-1.

Coach Ivan said Defenceman Leo Reise was the only casualty in the Detroit camp. The blonde blueline blocker pulled a hip muscle in the first game and aggravated the injury Thursday night.

LACH MAY PLAY

Canadiens will ice the same line-up that edged Wings in overtime Thursday. There is a possibility Elmer Lach, their playmaking [illegible], may be in action but Coach Dick Irvin didn't seem too optimistic.

Lach still is troubled by a sore jaw, an aftermath of the third-last scheduled game against Toronto, when he had two teeth knocked out and several others loosened. Elmer got biffed by Detroit's black Jack Stewart in the series opener, and his jaw started to swell up again. Irvin didn't dress him Thursday.

If Lach feels up to par tomorrow, he'll likely ask N.H.L. President Clarence Campbell to rule on the legality of a plastic face mask he purchased in Detroit. There is some question whether Campbell will allow Lach to use the mask as it contains some metal in the framework.

Main worry in the Detroit camp has been the failure of their second and third-string lines to produce so far. Of the five goals the Wings have scored, four have gone to the No. 1 Ted Lindsay-Sid Abel-Gordie Howe trio. Abel has notched two counters, Lindsay and Howe one apiece.

## *Optimism in Toronto—Watson Bothers Bruins*

TORONTO, March 25 (CP).—Toronto fans today were enthused over the possibility of Toronto Maple Leafs becoming the first team in history to win the Stanley Cup three successive times.

Cause for the sudden wave of optimism was the brilliant showing of the Leafs as they won the first two games in Boston of their best-of-seven cup semi-final series with the Bruins. Even Boston fans wondered how their Bruins finished second in the National League race while the Leafs just [illegible] the fourth and last playoff position.

But as The Leafs checked into St. Catharines, Ont., tonight Coach Hap Day warned his champions of their most-feared enemy — "over-confidence." The team will travel to Toronto for the third game tomorrow night.

In the Boston camp gloom generally prevailed but coach Dit Clapper thought that if "the Bruins play as well as they did Thursday night this series is going to seven games."

"We have no excuses," said Clapper. "The boys were told to lay back in the third period and protect their one-goal lead. It didn't work."

Clapper's big worry was how to hold Toronto's Harry Watson in check. He scored two goals as the Leafs won the opener 3-0 and added another pair in last night's 3-2 win in Boston.

"I put a man on Watson and told him to go everywhere with him and make sure he didn't get the puck. Watson gets three shots all night and scores twice. You can't beat that kind of sniping."

Boss Conn Smythe of the Leafs gave chief credit for last night's uphill win to Defenceman Jimmy Thomson, the boy with the telescopic stick. He thought Jim turned in the best defensive effort ever produced by a Toronto rearguard in Stanley Cup play.

## Cameo Cafe Cops Honors In Mixed Tenpin League

Getting into the final by winning the last round after Imperials had [illegible] on top in the first two rounds, Cameo Cafe won the championship of the Mixed Tenpin League in a roll-off at Gibson's Bowladrome on Thursday night. The champions won out by 24 pins, chiefly on the strength of a 63-pin lead established in the first game.

Imperials came back strong in the second game to slice the lead to ten sticks, but were unable to keep pace with their opponents in the third game when the middle of the line-up fell down. Bill Coates and Bill Holness topped the scoring with 563 and 558, respectively, for the losers but their efforts did not quite make up for the more consistent bowling of the Cameo Cafe team. Nick Howard registered 555 to pace the champions, while Mary Welsh contributed [illegible]. High single went to Holness with 216, while Coates had games of 201 and 200 and Mrs. Welsh a first-game count of 202.

CONSOLATION WINNERS

Happy Gang edged out Pandora Pharmacy, 2,453 to 2,451, in the consolation event for the other six teams. Wilbur Webb topped the scoring in the consolation with a 564 series and a single game of 237 for Atlas Coffee Shop. Bert Williams led Happy Gang to its win with 510. Other high scorers included Ken Munn 549, Sheldon Beaney 539, J. McLeary 538, H. Holness 537, George Harknett 533, and [illegible].

The league will hold its wind-up banquet and prize-giving next Thursday at the Music Box, Douglas Street, commencing at 7 p.m.

## Cumberland Cops Junior Title; Another Protest for Officials

Striving to finish Island play-offs on time, basketball officials were confronted with another protest last night. Latest team to feel it has a case is Lou McCorkall's Elks, who will make a protest of Cumberland's 45-27 victory last night in the second game of the junior boys' Island final. The Cumberland win gave the Up-Island team the Island championship by one point, erasing the 17-point lead Elks established in an earlier game here.

McCorkall bases his protest on the claim that last night's referees were not qualified, that he did not receive the necessary four days' notification of the selection of the officials, and on a decision which took two free throws away from his club.

According to McCorkall, the play in question came up in the third quarter when Don Hendry was fouled and given two free shots. Before he could take them, he was sent off on a disqualifying foul, and Elks did not receive the two gratis tosses.

Meanwhile, the game provided a number of thrills with Cumberland erasing a six-point lead in the last two minutes and scoring the winning point in the last two seconds.

Cumberland gradually cut into the Elks' lead, outscoring them 26-19 in the first half and reducing the margin to six points in the third quarter when the Victoria team seemed to bog down. Although they scored only four points in each of the last two quarters, Elks seemingly had [illegible] in hand with two minutes left. Then Leroy Bond, who accounted for 24 Cumberland points, dropped in two field goals. Roga tied it up from under the hoop with two seconds left and was awarded a foul shot, which he promptly proceeded to sink for the winning margin.

Line-ups:

Elks—Woollett 2, Pyne 2, Sillers, Jackson, Hendry 6, Anderson 1, Garner 13, Bertrand 3. Total 27.

Cumberland—Bond 24, Williams 7, Watson 5, Cheeves, Roga 8, Wynne, Cochrane. Total 44.

# The Sportlight

By GRANTLAND RICE

ST. PETERSBURG, Fla., March 25.—As the Gershwin Brothers once practically wrote and sung—"Nothing is necessarily so."

Not all Kentucky Derby winners start from Florida. But many or most of them do. Practically none ever come from the Winter season of the West Coast. Santa Anita Derby winners rarely figure in any Kentucky Derby scheme or plan.

If they don't come from Florida, they come up from Aiken or Columbia, South Carolina. They usually leave from the Southeast to rule the mile-and-a-quarter strip at Churchill Downs—Whirlaway, Assault, Johnstown, Pensive, Citation—on back through the years, including Lawrin.

BLUE PETER ON TOP

Through this waning Winter season, embracing early Spring, Derby prospects have been involved in fogs and mist. Blue Peter has been saved up. Blue Peter is still the ranking three-year-old. Mr. Busher, the pride of Maine Chance, is suffering from a deep Midsummer out in Chicago.

There are two reports about Mr. Busher. One is that he is coming along nicely. The other is that he won't be ready for the Derby.

My Princeton friend, Johnny Gaver, has been saving up Capot, better than a fair horse. If Capot has been running, we've missed his starts. Maxie Hirsch says his Swap Out can run a bit. George Widener's Reveille is no mule. No one knows what Maine Chance will do with Myrtle Charm the fastest filly since Twilight Tear. Perhaps faster.

NO REAL STANDOUT

Whatever happens, there is no Citation casting a big bay shadow over Kentucky's scenery. There is no Coaltown on hand. There is every chance now, weeks ahead, that the race will be an open one.

One will know much more about the situation when racing is on in Maryland and around the New York tracks, opening soon with Jamaica. From these tests some horse may pop out as Assault did a few years back. But there is more than enough sound competition in sight as things now stand.

WEST COAST HOPES

Old Rockport, winner of the Santa Anita Derby, must be given a chance and Olympia, with the strangely fading Ocean Drive, will be a hardy challenger. Fred Hooper's Olympia has been running well all Spring while moving back and forth from Florida to California.

It will be interesting to see what happens in John Campbell's Experimentals at Jamaica, which are nearly here. They can tell quite a story.

WHAT ABOUT CALUMET?

It is difficult to believe that another Kentucky Derby, the seventy-fifth, is coming up with Calumet—Warren Wright, Ben and Jimmy Jones—missing from the May scene. Calumet will be busy enough with Citation guarding the Midwest and Coaltown looking after any loose change around the East.

But for some odd reason, even with the redoubtable Bull Lea in charge, the stable's two-year-olds in 1948 were not too formidable, and so far no one has seen a Calumet three-year-old who can run with Blue Peter, Capot, Olympia and others.

It may be that the famous Jones boys will pull a hidden-ball trick and come up with something worth while, but so far there is no such evidence in sight.

Ben Jones thinks that Blue Peter is the best Derby prospect at this early date, but he doesn't rate Blue Peter as any overwhelming choice.

RACING MAKES GAIN

Since Florida's strong finish, there is renewed hope for better days in the East this Spring and Summer. Hialeah had a fine season. Little Sunshine Park had its best year. Gulfstream is doing much better than expected, and is now in the midst of a happy season.

The slump at Santa Anita was partly due to a terrible Winter, the worst in California history. For week after week you might as well have been at Baffin's Bay. The drop there startled many race followers, but Florida's revival in the face of a terrific bite has been a cheering factor.

There has been a steady decline around New York tracks for the last two or three years. Part of this was due to the 16.6 bite, part to the absence of easy money, and part to the Challenge from New Jersey.

It will be interesting to see how Jamaica, Belmont and Aqueduct will make out through 1949, but there is a fair chance that the slump is practically over. New York, New Jersey, Maryland and New England are all set with enough talent to handle the situation.

# Schoolboy Boxing Slated Next Week

The annual Schoolboy Boxing Championships will be held at the Bay Street Armoury next Friday and Saturday, with elimination bouts the first night and finals on Saturday.

Events will include competition in 12 classes, including special groups from 80-100 pounds, and regular weight groups.

Officials for the events will be: Bob Edwards, James Auden and D. Pye, judges; Alan Duval and Bill Knowles, referees; and Tom Duncan and Bob Hogan, timekeepers.

# Winnipeg Gets New Grid Coach; May Work With N.Y. Pro Giants

By ROBERT CLARKE

WINNIPEG, March 25 (CP).—Winnipeg Blue Bombers ended weeks of speculation tonight by disclosing that Frank (Butch) Larson, one-time All-American football end from University of Minnesota, had been signed to a two-year coaching contract.

The 36-year-old Larson, nominated to the All-American team in 1933 and again in 1934, paid a flying visit to Winnipeg from his home at Duluth, Minn., to pen his signature to the contract. He succeeds Jack West, another American, and will be the club's first "all year round" coach.

MANY CANDIDATES

Larson's selection came after numerous other names had been juggled around. It had been disclosed that Ottawa Football Star Tony Golab and Bob Masterson, University of Toronto coach, had been sounded out for the job.

In addition, through the last few weeks other names had popped up with regularity. At various times, names to the forefront had included Bronko Nagurski, Bill Kuuisto, Wally Masters, Frank Gnup, Murray Griffin and a raft of others.

Armstrong said Larson would move to Winnipeg "shortly." Armstrong did not disclose financial terms at which Larson had been signed. He merely said, in this connection, that "we had been committed to a finance committee budget."

This budge, it is understood, set a top of $8,000 a season for the coaching job.

GOOD PLAYER SOURCE

Simultaneously with Larson's signing, it was revealed that Bombers could hope for a tie-up this season with the famed professional New York Giants. On hand here with Larson was Ollie Haugarud of Duluth, scout for the Giants in the Mid-West United States area.

"They'd be happy to send us ten players if we could give them one Lear," said Armstrong. His reference was to Les Lear, now coach of the Canadian champion Calgary Stampeders, who played for several seasons in the United States pro circuits after starring with Blue Bombers.

IMPORTS LINED UP

Armstrong said that Bombers already had lined up "at least" a dozen American imports for the 1949 season. These were apart from any that Larson might be able to recommend to the club for the four open "import" spots on the club.

The Bomber president said that the club wanted to retain burly Bob Sandberg, star of the 1947 Canadian football final, who also was with the team in 1948. It was disclosed that Bombers expected to hear from Sandberg by tomorrow on his plans for the 1949 season.

# U.B.C. Squares Rugby Series For World Cup

VANCOUVER, B.C., March 25 (CP).—University of British Columbia Thunderbirds took advantage of a lucky break midway through the second half of the World Cup, English Rugby game against California Golden Bears here yesterday to beat Bears 11-3 in the third game of the series.

The victory, before 4,000 fans, put them on even terms with the Californians. The fourth and deciding game will be played here Saturday afternoon.

California won the first game, 6-3, at Berkeley two weeks ago, and the second was drawn, 0-0, at the same place.

U.B.C. scored a goal and two tries to a dropped goal in winning today, getting a goal and a try in the second half against a strong wind after being heavily overplayed and apparently in for defeat.

DEADLY TACKLING

Scarcely able to get their three-quarters into motion because of deadly Bear tackling, Thunderbirds turned to footwork.

California's terrific tackling put three U.B.C. players out with injuries in the second half and the lengthy kicking of their backfield brought gasps from the big crowd. It was only in the finer points of Rugby that the Californians played second-fiddle, and they rarely attempted any backfield runs.

# Seven Teams In Play-Off For Pin Title

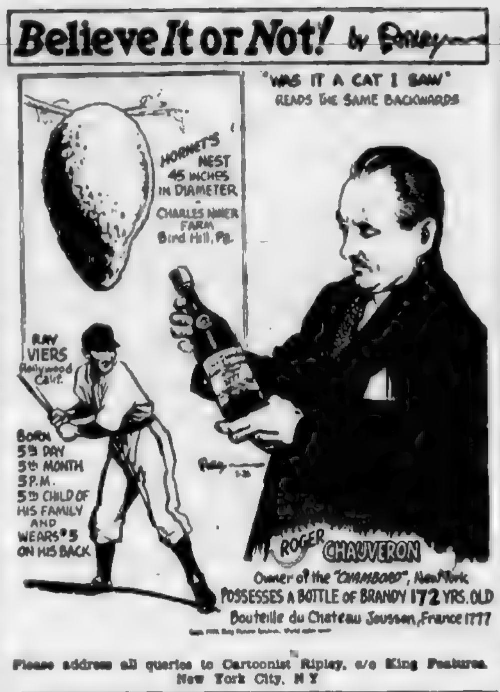

FINAL STANDINGS

| | W. | L. |
|---|---|---|
| Silver Spring | 17 | 10 |
| B.C. Forest Products | 16 | 11 |
| Smith's Aces | 15 | 12 |
| Swift's Premiums | 14 | 13 |
| E. & N. Shops | 14 | 13 |
| Orphans | 14 | 13 |
| Imperial Bank | 14 | 13 |
| Horseshoe News | 10 | 17 |
| Shawnigan Lumber | 8 | 19 |

Seven of the ten teams qualified for the roll-off for the championship of the Financial Fivepin League. Silver Spring wound up on top of the third round last night at Gibson's Bowladrome by taking two games from Horseshoe News, and B.C. Forest Products finished second despite a 2-1 loss to E. & N. Shops, but both had previously qualified by placing in the first three in the first round. Smith's Aces won a play-off berth by taking two from Swift's, which lost its chance by getting defeated and wound up in a fourth-place tie.

The roll-off will take place next Thursday with Orphans, B.C.F.P., E. & N. Shops, Horseshoe News, Shawnigan Lumber, Silver Spring and Smith's Aces in the five-game play-off. Total pins count. Imperial Bank, Swifts and Shamrocks will have a three-game battle of their own for the consolation award.

League averages have not yet been completed, but Secretary Bud Green said last night that Hugh Cowan's 236 topped the individual averages. Carl Pedersen and Don Williams were next in line with 220 averages. John Latham's 418 count took the prize for high single for the season, and Hugh Devereaux copped the money for high three with an 875 series.

### Something Left Yet

DIXIE WALKER

Now nearing 39, veteran outfielder who went to Pittsburgh last year from Brooklyn, is showing no signs of slowing up. Former Flatbush favorite is hitting over .400 to date in Spring training games with eight hits in 19 trips. Away to slow start last season, Walker wound up with rush to finish with .316 average and was one of reasons why Bucs made surprising showing.

# Toronto's Maids Win Hoop Honors

TORONTO, March 25 (CP).—Toronto Montgomery Maids tonight won the Ontario Ladies' Basketball Association senior championship by beating Zion Ramblers of Hamilton 40-27 to win the round 72-53. Maids now meet Montreal Olympics in Montreal April 1 and 2 in a total-point series for the Eastern Canada championship.

# Final Week Will Decide Battle In Commercial Tenpin League

HOW THEY STAND

| Bones Imperials | [illegible] | 35 |
| Christmas Crackers | [illegible] | 37 |
| Manning Lumber | [illegible] | 37 |
| Colonist | [illegible] | 37 |
| Argosy Coffee Shop | 43 | [illegible] |
| Eagles | 42 | [illegible] |
| Dominion Meat | 32 | 49 |
| Pratt & Lambert | 30 | 52 |

Even Bones Imperials are not certain of a play-off berth in the Arcade Commercial Tenpin League as a hectic race comes to a climax next week in the season's wind-up. Imperials are two games out in front of Christmas Crackers, Manning Lumber and the Colonist, who share a three-way perch on the runner-up spot. The last week's pairings make it possible, if not probable, that the leaders could wind up in a fourth-place tie with Argosy Coffee Shop for the last of the four play-off berths.

INTERESTING OPPOSITION

Argosys are in fifth place, three games back of the leaders, and a sweep over Dominion Meat could give them a tie with Imperials if the latter lost three to the Colonist. If Christmas Crackers and Manning Lumber could manage to take three from Pratt & Lambert and Eagles while all this was going on, it would create a three-way tie for the lead, leaving Imperials and Argosys to fight it out.

However, Eagles still have a chance to squeeze in and will be pointing for a sweep over Manning Lumber. Of the contending teams, Christmas Crackers and Argosys have the edge, meeting the league trailers in their final stand while four of the top clubs tangle with each other.

CHANCES IMPROVED

Mannings and the Colonist brightened their chances this week with sweeps over Imperials and Eagles, respectively. The trailers made things tough for the other top clubs. Pratt & Lambert upset Argosys by just failing to take three, losing the last game by 21 pins. After losing a pair of close ones, Dominion Meat grabbed the finale from Christmas Crackers.

Al Stokes, Colonist, was high scorer, rolling three consistent games to total 559. Fred Welsh, 506; George Gunnias, 507; Harold Jackson, 501, and Rod Justice, 501, were the only other bowlers to [illegible].

# Ray Robinson Outpoints Lee

CHICAGO, March 25 (AP). — Ray (Sugar) Robinson, world's welter-weight champion, outclassed squatty Bobby Lee, Baltimore, Md., in winning a unanimous 10-round decision before 7,728 spectators in the Chicago Stadium tonight.

Robinson gave Lee a boxing lesson starting with the third round. He smashed Lee to the canvas for a count of nine with a left hook to the chin in the fourth round.

Robinson scaled 154¼ to 148½ for Lee.

# Electricians Take City Paddle Title

McDonald's Electric captured the city senior table tennis championships by downing Victoria Bottle Exchange, 19-17, in a sudden-death final. Will Browne-Cave paced McDonald's with six victories, while Ed Ngai won all his eight games for Bottlemen in a losing cause.

The teams ended in a tie in the round-robin series with the Electricians downing Robinson's Grocery, 19-17, and the Bottlemen defeating Rangers, 20-16, in their final games.

EAGLES LINE-UP

Eagles line-up for the Fred Oliver Memorial Cup knockout game against Saanich Indians today follows: Richards, Burdge, W. Benn, W. Turner, Sluggett, J. Donald, Pritchard, Mortimer, Jim Donald, Thomson, R. Benn, J. Turner, White and Michell.

## P.C.L. Gates Slump In First Pro Year

SEATTLE, March 24 (AP).—The Pacific Coast Hockey League drew fewer customers this year as a professional circuit than it did the year before when it was amateur, President Al Leader said today.

He said 806,955 fans saw the games in the ten Coast cities during the regular 1948-49 season, against 808,484 the season before.

# Red and White Auto Plates Please Stamps

CALGARY, March 25 (CP).—Possibly the Alberta Government had no intention of honoring Calgary's footballing Stampeders when they selected Stamps' red and white colors for the 1949 Alberta automobile licence plates.

But Tom Brook, energetic president of the Grey Cup champions who seldom misses a chance to publicize his team, has shown appreciation for the honor anyway.

In a letter addressed to Premier E. C. Manning, Brooks said, in part:

"Please accept the since gratitude and thanks from the entire football organization for the appreciation that the Province has shown to our organization in the display of our red and white colors on the 1949 licence plates . . .

"Since our victorious trip to Eastern Canada, with its resultant education of Easterners to the importance of the West, we have had many honors bestowed on us by various civic clubs and sportsmen. But not one has impressed us to the extent that the action of the Province has in the display of our triumphant colors on the licence plates . . .'."

# Release Dates For Women's Hoopla Finals

EDMONTON, March 25 (CP).—An official of the Canadian Amateur Basketball Association tonight announced dates for the Western Canada senior women's basketball play-offs.

Brandon, Manitoba champions, will tangle with the Saskatchewan representatives April 4 and 5 at an as yet undetermined locale. Winners of this series will meet the as yet undecided Alberta winners April 6 and 7.

Victors in this series will meet British Columbia representatives in British Columbia April 9, 11 and 12. The locale has not yet been fixed.

# Calgary Awarded Badminton Meet

CALGARY, March 25 (CP).—The Canadian badminton championships will be staged at the Calgary Glencoe Club in March, 1950, according to an announcement made today by Stuart Aiken, secretary-manager of the Glencoe. The tournament has been held at Winnipeg and Vancouver in Western Canada, but this will be the first time the event has been held in Alberta.

## Indians Sign Third Player

SPOKANE, March 25 (AP).—Spokane Indians yesterday announced the signing of Pitcher Lee Howard to a Western International League baseball contract.

Howard, a left-hander, won only two while losing eight in relief roles last year for New Orleans of the Class "AA" Southern Association.

# 43 Ready for Grand National; Cromwell Remains Top Choice

AINTREE, England, March 25 (AP).—Some 300,000 persons are expected to watch the 103rd running of the historic Grand National steeplechase tomorrow over this 4½-mile "jumper's nightmare" course. Perfect racing weather is forecast.

Forty-three horses are ready to go for the first prize of £9,317 ($36,868) and the solid gold cup symbolic of victory.

The favorite is the eight-year-old gelding, Cromwell, ridden and owned by amateur jockey Lord Mildmay. Two long-standing jinxes are against them.

ODDS AGAINST FAVORITE

1. No favorite has won the race since Sprig turned the trick in 1927 at 8-1.

2. Lord Mildmay's own personal bad luck over the jumps here.

Added to this is a leg injury suffered by Lord Mildmay in a bad fall Wednesday when another of his horses, Locale Prince, fell here and broke its back. But Lord Mildmay is confident of victory.

In London tonight, the final call-over of odds by bookmakers made Cromwell the 6 to 1 favorite. This was up a bit from the 5 to 1 which had prevailed for a week.

Other prices included Cloncarrig, Sir Allen Gordon-Smith's second choice, 10 to 1; Dorothy Paget's Happy Home, 100 to 6; Royal Mount and Bricett, 20 to 1; Roimond, 22 to 1; Cavaliero, 25 to 1; Flaming Steel, 28 to 1; and Ulster Monarch, 33 to 1.

No odds were quoted on six horses still entered, but unlikely to go to the post. These are Cottage Rake, Silver Fame, Rowland Roy, Halcyon Hours, Chummie and East-a Calling.

Post time is 3:15 p.m. G.M.T. (7:15 a.m. P.S.T.)

SWEEPSTAKE PAY

The Irish Hospital Sweepstakes is based on the Grand National. Lucky ticket-holders on the winner will get £25,000 ($100,000), with £10,000 for the second-place finisher and £5,000 for third. The sum of £117 goes to persons holding tickets on horses which go to the post but fail to finish in the money.

Here is the probable field:

# Bobby Permane Badly Injured At Gulfstream

HOLLYWOOD, Fla., March 25 (AP).—Jockey Bobby Permane won't be booting 'em home any more this year.

The little rider was in "fair" condition in Hollywood hospital today with a compound fracture of the leg and a broken collarbone, suffered in a spill at Gulfstream Park.

Hospital attendants said he was "resting comfortably" but added he would not ride again for "a long time."

"Not this year, anyway."

Permane underwent surgery on the leg early today but the hospital said the leg was not amputated. A bone operation was performed.

The rider fell from Claire Dauber as the field of eight horses neared the far turn during Thursday's fourth race. Jockey Willie Morrissey also was spilled from his mount, Tally, but was not severely hurt.

Permane is 26. He set a record of five winners on three consecutive days at Tropical Park April 6, 7 and 8, 1944.

# Estimate $2,000,000 in Fund When N.H.L. Pension Pays Off

By FRANK KAPLAN

TORONTO, March 25 (CP).—The National Hockey League is becoming an employer in a big way, including a pension plan for players who have played ten years or more in the league.

When the N.H.L. starts paying, it will have a pot of about $2,000,000 to dig into, calculates Dan (Kitchener-Waterloo Record) Odette.

BIG ADVANCEMENT

The plan is "one of the greatest advancements in sport" and is helping the right people—the players who make hockey the big business it is, Odette writes.

Inaugurated at the start of the 1947-48 season, the pension plan is one to which players and teams contribute. Each player pays $900 a year while the N.H.L. kicks in with $60,000 annually.

Odette figures that with 20 men to a team contributing, the amount turned in each year by the six teams is about [illegible].

"Since pensions aren't payable until a man reaches 45 and no man in the league is over 35, that means first payments will not be made for ten years hence.

"By that time, annual payments from the players will total $1,080,000 and the N.H.L.'s share will be [illegible].

Odette thinks these pensions are fine but he regrets that the plan came too late for the players of by-gone days.

HARD WORK—SMALL PAY

ROUYN, Que. (CP).—Nobody can accuse Rouyn's fire department volunteer members for being in that organization for profit. Fire Chief Desrosiers says they average 80 cents a call and many of these fires occupy them for two or three hours, often dangerously.

CALL FOR LIQUOR STORE AT ALERT BAY

Campbell River and District Liberal Association recently passed resolution requesting Liquor Control Board to establish liquor vendor's store at Alert Bay, because of many alarming reports concerning illegal sale of liquor and rum-running. Above photograph shows part of beach at Alert Bay. Village is located on Cormorant Island in Broughton Strait, Rupert District, East Coast of Vancouver Island.

## Many Difficulties Face Island Steel

COURTENAY, March 25.—Establishment of a steel industry on Vancouver Island will involve something more than the mere bringing together of iron ore, limestone, coke and electrical energy, Dr. H. V. Warren, University of British Columbia geographer, told the Courtenay-Comox chamber of commerce.

"Despite the fact that these steel production essentials are in abundance on or adjacent to Vancouver Island, there are a number of questions which must be answered before we can establish a steel industary here," Dr. Warren said.

They included: Cost of producing iron ore, proving sufficient tonnage of iron ore to permit production of steel on a large scale, proving enough high-grade iron ore to produce a quality product, for which there was always a market, cost of high-quality coke and availability of markets.

PRODUCTION HIGH COST

Developing these points, the speaker said it was known that cost producing iron ore from British Columbia deposits was high. He thought it might be cheaper to import ore from other countries. He stated that indicated amounts of ore in the Province did not yet justify establishment of a large-scale industry. It was a matter for further investigation.

He thought it might be economic to produce steel on a small scale, but only if the product was of high quality. Obtaining high quality coke was another important factor to be considered, he said.

Cumberland coal carried too much sulphur to be an asset in this respect, although it was probably only a question of time before research scientists found a method of eliminating this impurity.

Regarding the availability of markets, Dr. Warren said he disagreed with those who maintained British Columbia would have trouble finding customers for its steel. Here again, he stressed the desirability of producing quality steel to ensure a continuing market.

Speaking on general aspects of steel production, the speaker asserted that the consumption of steel in a country bore a direct relationship to that country's standard of living, and quoted figures to support his contention.

Quinsam ore was of the black of magnetite type, he explained. Regarding the quality of the ore, he said several assays had shown the ore to be irregular in grade.

Dr. Warren maintained that the Island would need a "continuous process" mill, converting iron ore to finished steel products, if it were to attain and keep a position of importance in the steel market.

## Campbell River Group Confers

CAMPBELL RIVER, March 25.—Alan Maclean was named president of the Campbell River Chamber of Commerce at the annual meeting. He was elected by acclamation.

Other officers are Henri Dubeau and W. E. Carlyle, vice-presidents, and C. A. Stone, secretary-treasurer. The executive includes Leonard Rossiter, Melvin Haigh, Roderick L. Haig-Brown, Oscar Thulin, Joseph Iacci, John Lambie, K. W. Brown, A. C. Lipp, Armour Sambrook, Gerald Farwell and Alexander McLean.

A proposal that the Chamber of Commerce act to bar the return to the West Coast of Japanese-Canadians was overwhelmingly defeated. Mr. Haig-Brown spoke with great feeling on the subject, pointing out that such an act would constitute racial discrimination.

A letter from a motion picture company stating it had plans for filming Canadian newsreels was read at the meeting. The firm requested members of the Chamber of Commerce to be on the lookout for subjects of general interest which might help bring Campbell River community before the public eye and to inform the company of any newsworthy event which might occur.

Mr. Haigh presented a complete sample of a tourist folder which is to be published by the Chamber of Commerce.

## Board Exhibits Several Films

COBBLE HILL, March 25.—Ernest Belton, National Film Board representative, recently presented the last show of the current season in Cobble Hill Hall. Feature film was entitled "Science Helps the Farmer," and another which proved interesting was a Red Cross production showing floods last year in the Fraser Valley.

Col. R. S. Worsley, Vancouver Island representative of the Red Cross Society, spoke briefly on the work done by that organization during the emergency, and requested support of the current canvass for funds.

Other films shown included one on labor problems and the I.L.O., a second giving information on making a home attractive, entitled "Designing Women"; hunting and fishing scenes in Jasper Park; and another film showing Hon. W. L. Mackenzie King handing over the reigns of Government to Prime Minister Louis St. Laurent.

## Qualicum

QUALICUM BEACH, March 25.—Official word has been received from J. L. Gibson, M.P. for Comox-Alberni, by the Qualicum Beach Chamber of Commerce that the sum of $75,000 has been provided in the main estimates at Ottawa this year for the construction of a small boat harbor at the mouth of French Creek, at a point about half-way between Qualicum Beach and Parksville. It is felt that a fisherman's wharf at this point will be a definite asset for local sportsmen and visitors.

* * *

The next meeting of the Qualicum Beach and Parksville Canadian Club will be held on April 20, at the Log Cabin Inn, and will take the form of a smorgasbord dinner. The guest speaker will be Eric W. Morse, executive secretary of the Associated Canadian Clubs of Canada. He will deal with "The Atlantic Pact and What It Means to Canada."

* * *

At the monthly meeting of the Qualicum District Fish and Game Association in the K. of P. Hall, a report of a conference of the Island Affiliated Associations, held at Nanaimo in February, was given by the president. Game Warden Frank Greenfield, guest speaker, gave interesting facts about wild life on Vancouver Island.

* * *

The Qualicum Beach Youth Organization held a successful dance at the K. of P. Hall recently, at which the Little Qualicum Club members attended. At a meeting held earlier in the month, it was suggested by the advisory board that the organization be divided into two age groups, 16 years and over, and 16 and under. The elections for the executive of the senior group will be held on March 30, and for the junior group the date may be the following day. Miss Peggy Richardson was named by the advisory board as interim president.

The annual concert of the Qualicum Beach Boys' School will take place next Thursday in the Community Hall.

## Name Officers At Parksville

PARKSVILLE, March 25.—The 31st unit of the B.C. Branch of the Canadian Cancer Society was formed at Parksville this week with Dr. T. W. Sutherland, president, and Dr. J. Gushue-Taylor of Qualicum Beach, honorary president. Other officers elected were: Vice-president, E. R. Thwaites; secretary, Mrs. C. Gildersleeve; treasurer, Mrs. F. Braybrook, and members of the executive, Mrs. E. R. Thwaites, Mrs. E. Tyron and W. Gildersleeve. Mr. Thwaites was also apointed campaign manager for the Cancer Fund Drive to take place in April.

Rex Mills, of the Vancouver office of the cancer society outlined the aims and objects of the units, and stressed the importance of education as a means of fighting the disease. He said the society sought to impress upon the public the importance of obtaining medical advice early enough if any symptoms were apparent.

AID SUSPECTED CASES

He explained units were able to assist suspected cases in getting to clinics, and had done a vast amount of that type of work in British Columbia so far. The Canadian Cancer Society had been organized eight years ago, and there were 40,000 members in the province and 600,000 in the whole of Canada.

To further impress the importance of points mentioned, Mr. Mills showed two films dealing with cancer, and told the audience that they were available to be used by units in their education drive.

At the close of the meeting Dr. Sutherland thanked Mr. Mills for his instructive address, and praised the Cancer Society for the work it was doing, particularly in isolated areas on the coast.

## Saanich Plans More Schools

Final details of a $385,000 school building by-law for Saanich School District No. 63 will be discussed at a school board meeting at Sidney on Monday.

Next step will be to submit the by-law to the Provincial Department of Education for approval.

Exact amount of the by-law and its contents will be announced to the ratepayers as soon as approval is given. It is expected several meetings will be held to explain the by-law.

The building program has been necessitated by the increase in the number of students from 750 in 1946 to 1,251 at present. Accommodation must be found for 120 entering junior high school in September.

Trustee Percy Thorp, board chairman, has stated that District No. 63 needs a new elementary school with not less than eight rooms, a new six-room school at West Saanich, an assembly hall at Mount Newton, a new school site for Royal Oak, and new plumbing for schools at Keating, Saanichton, Prospect Lake and McTavish Road.

## *Warns Alberni City About Waterworks*

ALBERNI, March 25.—Alberni is continually exposed to the possibility of an epidemic of typhoid, paratyphoid or dysentry while the city water supply remains in its present untreated state, Dr. R. N. Beattie, director of the Central Vancouver Island Health Unit, claimed at a public meeting in Alberni.

The meeting was sponsored by the Alberni City Council, and Mayor J. V. Hills, who presided, explained that while the council had decided that chlorination of the water was necessary as a public safeguard, he wished the people to know all the facts leading to the decision before steps were taken.

Dr. Beattie displayed a chart of sporadic contamination during the past three years. Positive tests of pollution were in evidence during late Summer and Fall months of each year, but reached a high point last December.

EXPLAINS POLLUTION

Pollution was in the form of fecal organisms, but Dr. Beattie said it was impossible to determine whether it was of human or animal origin. While no baccili of any particular disease had been isolated in tests, continued use of water containing the organisms could lower the vitality to make an individual more susceptible to disease carried in other ways.

The fact that the city watershed is crossed by a public road and a railway, and that further menace lies in probability of the area being occupied by road workers during the coming months, led Dr. Beattie to urge that steps be taken immediately to protect the water supply.

## Releases Boys In Theft Case

NANAIMO, March 25. — John Beverley Larson, 19, and Gerald D. Conrad, 17, transferred from juvenile to city police court on Thursday, were each placed on probation for 18 months, with a list of conditions attached, and ordered to provide $250 bonds each by Magistrate Lionel Beevor-Potts. They were convicted on charges of stealing two automobiles. One, a Nanaimo car, was abandoned near Ladysmith. The youths were apprehended in a Ladysmith car headed for Nanaimo.

The probation was first approved by the Attorney-General.

Larson was ordered not to drink liquor, keep clear of pool halls and company he suspected was not good, go to work, pay board at home, bank one-half his remaining wages, and be home by 11:30 p.m., unless with an adult approved by guardians or the probation officer.

WILL GO TO SCHOOL

Conrad, who said he wished to return to school, must attend regularly until he passes Grade X, or graduates from technical school. Conrad's father paid a fine, after which the court ordered the youth to work for his father and pay back not less than $5 per month towards it.

The boys got an additional job to do by order of the magistrate after Sub-Inspector W. J. Thomson suggested that they wash the walls of cells where they were held in custody during investigations.

They had written their autographs on the walls, and the court ordered them to scrub off before they left.

## Pays $50 Fine In Sooke Case

Robert Allan Lister, Milne's Landing, was fined $50, or in default 30 days in jail, in Sooke police court yesterday when he pleaded guilty to a charge of being in a beer parlor when under the age of 21. The charge was laid by Constable A. W. Quinn.

## Berlin Bard Delayed Year

HEIDELBERG, March 25 (NANA). —Margarete Windemann, of Neuenheim, near here, has just received a postcard sent to her from Berlin dated April 21, 1948.

The postcard appears to have remained in Berlin until recently, for it bears a second postmark, Berlin, March 3, 1949. The first postmark shows Berlin-Neukoeln, April 24, 1948.

The stamp used on the card, a 24-pfennig brown "gleaners," belongs to the first quadripartite series issued in 1947 and has long been obsolete.

Delays in communication between besieged Berlin and the United States zone are constant. Most persons whose expected letters have not been delivered within two months have given them up as lost. The arrival of this postcard, after a ten-month delay, raises new hopes for future deliveries of large quantities of vanished mail.

## Grant Inspects R.C.N. Bandsmen

—R.C.N. Photo.

Guard of honor and band of H.M.C.S. Naden saluted Vice-Admiral H. T. W. Grant, Chief of Naval Staff from Ottawa, when he entered local naval training establishment Thursday afternoon to inspect ship's company on parade ground. Inspecting band, Admiral Grant is seen in this photograph talking to Chief Petty Officer E. Michaud, band's senior man. At left is Lieut.-Cmdr. (SB) H. G. Outhbert, R.C.N., bandmaster and Director of Music for Royal Canadian Navy. Admiral Grant left this city yesterday for Vancouver, where he will inspect H.M.C.S. Discovery, naval training division, before proceeding to Ottawa.

## Take Landing Barge To West Coast Island

*Marine News*

An attempt will be made this morning to load a 40-foot, 23-ton landing barge onto the deck of the Department of Transport lighthouse tender C.G.S. Estevan, at its Government dock near Johnson Street bridge.

The barge, 17 feet wide, is to be returned to Spring Island, off Kyuquot, on the West Coast of Vancouver Island, approximately 200 miles from here. At Spring Island the Department of Transport radio division, operates a large Loran system radio station, operated by the United States navy during war years.

The barge, which was towed here some time ago by the Royal Canadian Navy and completely overhauled at V.M.D., is used for the transfer of oil, equipment and other supplies from tender vessels to the island. Larger vessels cannot reach the island due to extremely shallow waters which surround it.

In addition to the landing barge, the Estevan will deliver a 26-foot launch, and lumber and equipment for the building of a large house and radio station which will be erected at Amphitrite Point.

The Estevan is scheduled to leave this port Monday with her unusually heavy load. If the barge cannot be loaded onto the ship, it will be towed to its destination, reports T. E. Morrison, local agent for the Transport Department.

The new radio beacon station on Amphitrite Point will be of great benefit to B.C. fishermen, especially those fishing for tuna in waters far offshore during the Summer months.

## Furniture Ends 3,600-Mile Trip

—Photo by W. Atkins.

THIRTY-TWO feet long, ten-speed-ahead truck, pictured above, has just completed 3,600-mile seven-day trip from Sudbury, Ont., with 18,000-pound gross load of furniture. Traveling via United States, Driver Charles Knott and Co-Driver Maurice McKenzie had trouble-free run. McKenzie, son of firm's owner, took trip for his holidays. Cost of haul is about $4,000.

The truckers took United States route to save time and for better roads, going through states of Michigan, Wisconsin, Minnesota, North Dakota, Montana, Idaho and Washington. They came from Vancouver to Ladysmith by railway barge.

Driving 13 hours daily, pair experienced no mechanical troubles. Only annoyance was being stopped numerous times by state police checking weight of truck.

Knott has been driving 20 years. He came to Victoria last year with a load of furniture for a man coming here to retire. Inside of year, man moved back East because Coast weather didn't agree with him.

## Pleads Guilty In Oak Bay; Driver Fined

Victor J. Bond, 3715 Cadboro Bay Road, was fined $50 and his driver's licence suspended for two months in Oak Bay Police Court yesterday when he pleaded guilty to a dangerous driving charge.

Bond was charged after his car struck a pole on Cadboro Bay Road, near the Uplands Golf Club, Sunday afternoon. Mrs. Bond was injured, the pole snapped off and extensive damage caused to the car.

**CLAIM MEMBERSHIP**

Crew members of the 7,128-ton Canadian collier Haligonian Duke, boycotted by Melbourne, Australia, dockers at the request of the Canadian Seamen's Union, yesterday claimed that almost all the upper deck crew belonged to the British National Union of Seamen.

This was denied yesterday by the British union in England.

The Haligonian Duke has been held up since February 24, after being declared "black" by the Australian Seamen's Union. The Australian union said the Canadian union had asked for the ban on the ground that a Canadian ship should be manned by a Canadian crew.

**SAILS FOR FRANCE**

Second lighthouse tender for France built at Yarrows Ltd., left for Le Havre, France, at noon yesterday, it was announced by E. W. Izard, general manager. She was the Leon Bourdelle II.

The first tender is now on the Atlantic en route for France.

Mr. Izard said that the third tender would be ready in about three weeks, and the fourth and final ship in approximately six weeks.

## Ratepayers Re-elect Sydney Pickles

Sydney Pickles was re-elected president of the Ward Six Ratepayers' Association at its annual meeting at Keating's Temperance Hall last night.

Capt. Nat Gray was re-elected vice-president and Peter Whitehouse, secretary. Elected to the board of directors were W. Bullock, Councillor W. C. Kersey, P. Logan and A. G. Smith.

The meeting, attended by 50 persons, passed a resolution giving the executive the authority to bring as much pressure as possible to bear on the Provincial Government in the ward's secession movement.

Victor Virgin introduced a motion to drop the movement. Three affirmative votes were cast for his motion, the remainder of the 50 at the meeting casting negative votes by a show of hands.

Members expressed indignation over the Government's refusal to grant secession.

## Products Fair Closing Today At Armoury

Today is your last chance to see the great B.C. Products '49 Fair, which will wind up tonight at the Bay Street Armoury.

Since it opened last Tuesday, the display has attracted many thousands of Victorians. All left with an increased knowledge of British Columbia's vast industrial and manufacturing program. And many went home with valuable door prizes, or special merchandise awards won in quiz contests.

**BIGGEST CROWDS**

Lou Williams, president of the Victoria Junior Chamber of Commerce, and Jack Child, general chairman of the fair, report this—the third annual—B.C. Products Fair has attracted the greatest attendance ever recorded for such a display in the history of the city.

The fair will be open this afternoon, and will close at 11:30 p.m. The quiz contest, in which questions are based on products on display, will be held this afternoon. There will be 15 special door prizes. Value of such awards for the day will total approximately $350, Mr. Williams said.

Proceeds of the fair, sponsored by the Junior Chamber of Commerce, will go toward the Greater Victoria Community Chest. All work and time put forward by Junior Chamber of Commerce members has been on a voluntary basis.

## Kinsmen Hear Plateau Talk

Professor Lewis J. Clark, of Victoria College, addressed more than 35 members of the Victoria Kinsmen Club Thursday at the Pacific Club.

His speech on the Forbidden Plateau was illustrated with lantern slides.

Members discussed the Kinsmen-sponsored School Boy Boxing Championships to be held March 31 and April 1, and the automobile Derby early in May.

## "Parlor-Room Quartet" Grew to 60-Voice Choir

The story of an old-fashioned parlor-room quartet which grew to the 60-member Arion Male Voice Choir was unfolded last night by the only remaining charter member, Herbert Kent.

During the intermission at a concert at the Britannia Branch auditorium of the Canadian Legion, Mr. Kent, who will be 87 in July, said the original quartette was formed here in 1892.

"We used to meet at one another's homes purely for the pleasure and sociability we got from singing the old songs in harmony around a piano.

"Soon others became interested and when we had 25 members a charter was drawn up and a choir formed. I believe all the other members have passed on."

**FOR PLEASURE**

Mr. Kent, who was iron-grey hair and a goatee, said the main purpose of the choir to this day was "singing for pleasure."

"Yes," he concluded, "we won distinction at a musical festival at the Willows years ago but haven't been that fortunate in competition since."

The concert last night was presented to a capacity audience of more than 250 persons and was enthusiastically received.

Highlighting the program were soloists James A. McVie, S. Chiverall and Thomas Kelway.

Conductor was Frank Tupman, with Helen McVie as accompanist.

## Royal Shoes Now on View In Winnipeg

WINNIPEG, March 25 (C.P.)—A Winnipeg woman, Mrs. Maurice Still, has presented to the Manitoba Museum here a pair of Prince Albert boots worn by Prince Albert who later became King Edward VII of England.

Mrs. Still inherited the boots, and another small pair of red leather slippers once worn by King Edward, after the death of her aunt, Mrs. Gerald Bullivant, in London in 1947.

Both pairs of shoes, worn and scuffed-looking, tell tales on the small boy who later became king. Both pairs are six inches long and two inches wide, and an inscription on the soles reveals that the prince was nine years old when he stopped wearing them.

The shoes have squared toes, scuffed at the outside, and though the material is ripped in several places in the boots, the shiny red leather slippers look almost like new with their gold satin lining, hand-stitched in with careful needlework.

**IN FAMILY 99 YEARS**

The shoes have been in Mrs Still's family for 99 years. They were presented to Miss Alby Gillet in 1850 by H.R.H. Princess Louise of Prussia, who became Duchess of Connaught when she married Queen Victoria's son, Prince Arthur, Duke of Connaught.

Miss Gillet, a member of Princess Louise's household, was governess to the royal children.

Miss Gillet gave the shoes to her cousin, Emily Gillet, when she married Mrs. Still's grandfather, John Whelan. Later they were left to Effie Whelan, Mrs. Still's aunt, who married composer Gerald Bullivant, master of the King's Choristers at Westminster Abbey and organist at London's famous Bow Church.

When Mrs. Bullivant died, the shoes were sent to Mrs. Still with a legacy, as part of her share of her aunt's estate.

Although a Chicago fancier who collects famous shoes and canes offered to buy the heirloom shoes from her, Mrs. Still felt the royal slippers should be kept in Canada, and presented them to the Manitoba Museum for its collection.

MONTREAL, March 25 (C.P.)—Trading was at a near standstill on the bond market, although a firm undertone continued in evidence. New Brunswick long-term issues were sole ground gainers, up a minor fraction. No other changes were reported.
